15 KILLED, 50 REPORTED BURIED UNDER A SNOWSLIDE

Bodies Taken From Ruins of Buildings Crushed by Avalanche in Sap Gulch Near Bingham, Utah.

FIRES IN HOMES IGNITE DEBRIS

Hundreds of Tons of Rock and Snow Roll Down Mountainside — Church Building Destroyed.

By the Associated Press.
SALT LAKE CITY, Utah, Feb. 17.—Fifteen bodies had been taken at noon from the ruins of several buildings, including the Methodist Church, which were buried under a snowslide in Sap Gulch, in the Highland Boy mining district near Bingham, 18 miles southwest of here, this morning.

Estimates of those entombed in the avalanche of snow, rock and brush that slid down the mountainside range between 50 and 100. Little hope is held out for their rescue alive.

Fire burning in the buildings, which were crushed under hundreds of tons of debris, imperiled those who may have escaped instant death when their homes were crushed.

The buildings, all of which were haled by stoves, soon caught fire from the live embers as they were crushed under the avalanche of snow, rock and small trees, which started several hundred feet above on the mountainside. Most of the buildings destroyed were at the foot of the canyon.

No attempt has been made to identify the dead. As fast as a body layng from the rocks and snow, it is placed on a small hand sled and taken to the morgue in Bingham, several miles down the narrow canyon, which is closed at the scene of the sliding. Rescue parties are working from each side of the slide. The heaviest loss of life is expected at the J. T. McDonald and William Rimby boarding houses, which were covered by snow.

Snowstorm in the Rocky Mountain Region.

DENVER, COLO., Feb. 17.—Winter descended from the North today and again took possession of the Rocky Mountain region, displacing the premature spring weather that has held sway for several weeks. Snow was reported falling today in Colorado, Wyoming, Montana and as far south as Santa Fe, N. M., and Flagstaff, Ariz. At Cheyenne, Wyo., the air mail was interrupted by the storm, and mail bags were loaded on trains. Salt Lake City was digging out of a 10-inch snowfall, the heaviest storm of the winter, with snow still falling. Reports received there from the mountain regions told of a 15-inch snowfall. No extreme temperatures were reported in this region.

DIVORCE CASE 32 YEARS OLD

PARIS, Feb. 17.—The Sillman reconciliation has called attention to the longest divorce case on record, which has just entered a new phase in the provincial city of Angers.

Henri Tison and his wife, like the Sillmans, have had a bitter fight, beginning back in 1893, and five years later was reconciled. This did not last, however, and a second attempt to get a divorce, with neither reconciliation was followed. The last effort of the Tisons to live together has just ended and after 32 years the matter is again before the divorce court.

UNEARTHED ANCIENT CEMETERY

British Archaeologist Finds Burial Place of 3000 B. C.

BASRA, Iraq, Feb. 17.—An important discovery has been made at Fakhair, one of the group of islands in the Persian Gulf, near the coast of Arabia, by Dr. MacKay of the British School of Archaeology. It is a cemetery of about 3000 B. C. Sepulchral mounds, seven miles from Manaweh, which have been excavated, have disclosed burial chambers and cells containing decayed wooden pegs so arranged as to suggest that the warden of the dead were hung there for use in after life.

RUSSIAN DRUNKENNESS GROWS

Many Persons Treated in Special Hospitals in 1925.

MOSCOW, Feb. 17.—The soviet government has published figures which show that drunkenness and use of drugs have been increasing at an alarming rate in Russia since the re-introduction of 40 per cent vodka.

Of 29,067 persons treated in the special hospitals in Moscow during 1925 no less than 20,930, about 70 per cent, were alcoholic, including 20,021 men and 629 women.

Drug addicts formed nearly 10 per cent of the special hospital patients totaling 2120, of which 1777 were men and 343 women.

Only 78 were published today by the second newspaper.

REHEARING GIVEN ON EVIDENCE NOT OFFERED AT TRIAL

Presiding Judge Walker of Supreme Court Criticizes Ruling Favoring Client of House Speaker.

COMMENTS ON PLEA MADE BY SIDENER

Says Pangs of Conscience of Circuit Attorney Have Been a Long Time Finding Utterance.

By the Jefferson City Correspondent of the Post-Dispatch.
JEFFERSON CITY, Mo., Feb. 17.—Friction developed today in Division No. 2 of the State Supreme Court over a decision of a majority of the Judges of the division to set aside an opinion affirming the conviction of Sylvester Baldwin of St. Louis on a charge of highway robbery, and grant him a rehearing.

The order, based on submission of alibi affidavits that were not a part of the record of the trial, brought a protest from Presiding Judge Robert F. Walker of Division No. 2 that the proceeding was "unheard of" and without precedent in the history of the court.

The order incidentally set aside a \$7500 bond, the principal surety of which was Jones H. Parker of St. Louis, Speaker of the last House of Representatives, who is attorney for Baldwin.

Two-to-One Vote.

After the conviction was affirmed, Baldwin could not be located by the Supreme Court Marshal and the bond forfeiture was entered. However, Parker produced Baldwin at Jefferson City today, when the rehearing order was granted, and the defendant was allowed to remain at liberty under \$7500 bond. He was sentenced to five years in the penitentiary on conviction of robbing Roy Smith, driver for the Mound City Wet Laundry of St. Louis, of \$31.50 in a holdup Jan. 3, 1924.

Chief Justice David E. Baker said: "I should not have accepted the appointment tendered him by Gov. Baker. I am much disappointed in the attitude of both Williams and Baker, and if there is no other way, I should not intend to let him get it by default."

Opposed to Liquor Issue.

Another question upon which Gray and Senator Williams are at variance is prohibition. Gray is dry; Williams is wet. In discussing his stand on prohibition, Gray said: "I should not have given the eighteenth amendment when I was a member of the State Senate. He also cast the deciding vote for the women's suffrage amendment. That also was a vote for prohibition," Gray said.

CHANGES IN FILING INCOME TAX RETURNS ANNOUNCED

Ruling Affects Single Persons Earning Under \$1500 and Family Men \$3500.

Collector of Internal Revenue Becker today announced the following change in the requirement for filing income tax information returns:

Form 1099 for the year 1925 is required to be filed for single persons, wages, fees, commissions, interest, rents, royalties, etc., if the amount paid to a single person was \$1000 or more, and to a married person \$2000 or more.

"The changes outlined above are in accordance with the new Revenue Bill now before Congress."

HOWARD GRAY IS LIKELY TO RUN AGAINST WILLIAMS

Will Announce in Ten Days Whether He Will Seek Nomination for U. S. Senatorship.

SAYS INCUMBENT BROKE PARTY PLEDGE

Carthage Man Declares Appointee Violated Platform in Voting Against World Court.

Special to the Post-Dispatch.
CARTHAGE, Mo., Feb. 17.—Declaring that United States Senator George H. Williams violated a party pledge when he voted against American adherence to the World Court, Howard Gray, former State Senator from Jasper County, and one of the leading Republicans of the State, announced today that he would be a candidate for the Republican nomination for the United States senatorship in the August primaries if no other proponent of the court comes out. Gray said he probably would make a definite announcement within the next 10 days.

Gray expressed the belief that Mayor Victor Miller of St. Louis would not enter the race, and intimated that he would make the race even if Miller should run. He thinks he could beat both Miller and Williams, believing that, inasmuch as both live in St. Louis, they would split the large Republican vote there.

Says Vote Violated Platform

Gray declared that it was Williams' duty to vote for the World Court, but that he had violated the platform adopted at the Republican national convention in Cleveland.

"If Williams did not intend to vote for the World Court," Gray said, "he should not have accepted the appointment tendered him by Gov. Baker. I am much disappointed in the attitude of both Williams and Baker, and if there is no other way, I should not intend to let him get it by default."

In addition to being in favor of the World Court, Gray also is an advocate of the United States joining the League of Nations "with reservations." The reservations, he said, are those which were presented in the Senate when the League covenant was before that body.

NEGRO JAZZ ARTISTS IN RUSSIA

Given Four Months' Contract at \$200 a Night.

MOSCOW, Feb. 17.—Russia will hear a real American Negro jazz band this week. Six Negroes, headed by Frank Withers of Emporia, Kan., broke a five-year stay in Paris to come to Russia at the invitation of the Soviet Government. They have made a four-months' contract with the Soviet Philharmonic Society to entertain the dull night life of Russia's big cities with the latest American ragtime at \$200 a night.

The appearance of one of the musicians outside the Soviet Foreign Office carrying a saxophone, excited great curiosity. A few of the few of whom had ever either seen a Negro or a saxophone.

CLEANING SHOWS RUG'S VALUE

No. 10 Downing Street Has a Persian It Didn't Know About.

LONDON, Feb. 17.—A Persian carpet of great value has just been "discovered" at No. 10 Downing street, the Premier's official residence, through the simple process of having the carpet washed for the first time in 40 years.

Dallas Speeders Pay Marked Respect To Dead Policeman

They Refuse to Fight Charges He Made Before He Was Slain—Twelve Fined.

By the Associated Press.
DALLAS, Tex., Feb. 17.—Respect for a dead policeman, who had charged them with violating traffic laws before he was shot by unidentified Negroes several days ago, outweighed their purpose to fight the charges in court here and 12 speeders pleaded guilty and paid fines. When arraigned the speeders learned for the first time that the officer who had arrested them was C. M. Isbell, who had been shot while attempting an arrest.

The city was preparing to dismiss the first case for want of prosecution. The motorist realized that the municipality had no way of proving him guilty. Then he said: "I want to change my plea. I guess I was overstepping the speed limit a little." He was fined \$10.

The 11 other motorists came forward as their names were read and pleaded guilty to charges of speeding. They had been arrested by Isbell the night prior to his death.

"That's one of the greatest things I have ever seen," 12 men do," declared Judge Graves, presiding.

EIGHT APPLICANTS FOR JAIL JOBS BARRED FOR FALSEHOODS

Clean Records They Claimed Found to Have Been Smudged by Arrests.

Eight men, who applied recently for positions as city jail guards, at \$100 a month, have been stricken from the eligible list for city employees because they have records of several arrests each. All had stated on their application blanks that they had never been arrested.

Secretary Klene of the Efficiency Board stated he had received confidential information from a source he believes reliable that some prisoners at the jail had been helpful in having friends appointed as guards. There are six vacant places. After receiving this word Klene had the police check the list of applicants and the records of the eight were found.

\$11,500 FOR MILTON'S 'COMUS'

Presented in 1651.

NEW YORK, Feb. 17.—The rare first edition of John Milton's "Comus," a masque first presented in 1634, has been purchased for \$11,500 by Dr. A. S. V. Rosenbach, bibliographer of New York and Philadelphia. The edition was part of the library of R. B. Adam of Buffalo, which brought a total of \$122,188 during a sale at the Anderson galleries.

BAIL GRANTED TO TEN JACK DANIEL PRISONERS NOW IN LEAVENWORTH

LOYD GEORGE'S RADICAL LAND REFORM BEFORE LIBERAL PARTY

Proposal Provides for Unearned Increment of Values to Go to Local Communities.

COUNTY BOARDS TO CONTROL FARMING

Object Is to Assure Reasonable Rentals and Enable Tenants to Become Owners of Agricultural Land.

Special Cable to the Post-Dispatch and New York World.

LONDON, Feb. 17.—Lloyd George's land reform policy, as drawn up by a Liberal committee and modified by a conference of Liberal candidates, is being discussed at a great "land conference" of the Liberal party which began today.

The proposal was made by Lloyd George as his major effort to regain political power.

The scheme has won the implied assent of H. Asquith, now Lord Oxford, but its "revolutionary" character has caused the secession of one of the Liberal leaders—Sir Alfred Mond.

The attack on the monopoly held by British landlords is to be directed against both urban and rural holdings. The first resolution that will come before the conference indicates Lloyd George's general thesis. It follows:

"This conference of Liberals calls attention to the suffering and injury inflicted on the population of our towns by the land monopoly. It expresses its conviction that these evils cannot be redressed without a drastic policy of land reform. In particular, it declares that conditions of overcrowding and congestion, leading to a heavy death rate among adults and children, and to sickness, inefficiency and discontent, can and must be remedied by giving town communities adequate power of securing the best use of land in their areas for the health and prosperity of their members."

COOLIDGE HAS SEVERE COLD: CANCELS DAY'S ENGAGEMENTS

President Has Been Suffering With a Nasal Trouble; Allment Not Thought Serious.

WASHINGTON, Feb. 17.—President Coolidge, after a brief stay today in his office, returned to his living quarters in the White House to seek relief from a heavy cold.

The President conferred during the morning with Chairman Madden of the House Appropriations Committee, and received a call from Ambassador Riano of Spain. He then canceled other engagements for the day.

The President has suffered for a long time with a nasal trouble and has taken regular treatments for it. White House officials did not consider the cold as serious, but said it could be more quickly dispipated if more rest was afforded him.

Maj. James F. Coupal, the President's physician, seemed not to regard the ailment as more than a passing cold, and the same information was given out by Everett Sanders, Mrs. Coolidge's secretary.

GRANTS BOND APPEAL IN LIQUOR CONSPIRACY

HELLMICH AND KINNEY WILL NOT TAKE APPEAL FROM THEIR CONVICTION

ARNOLD J. HELLMICH, former Collector of Internal Revenue, and his former deputy, William J. Kinney, have decided to serve their terms in Leavenworth prison for the Jack Daniel conspiracy.

When asked today whether Hellmich would apply for a supersedeas bond, in view of Justice Butler's decision, former Supreme Judge Conway Elder, counsel for the former Collector, said:

"It appears that hell would be only temporary relief, as it is our opinion the Court of Appeals will affirm the sentence. Mr. Hellmich has elected to serve his time and have it over with. That appears to be the best way out of it."

State Senator Michael Kinney, who was granted a new trial by Federal Judge Baltzell at Indianapolis in December, stated that his brother, William, would follow Hellmich's course.

Hellmich was sentenced to two years in prison and Kinney to 18 months. Both are eligible to parole after serving one-third of their sentences. It is understood they are hopeful of parole at that time.

EIGHT ST. LOUIS MEN AFFECTED BY DECISION OF JUSTICE BUTLER

Bonds for Levin, Morris Multin and Michael Whalen Are Fixed at \$25,000 Each.

\$13,500 FOR JOHN CONNOR AND WALKER

Tony Foley's Bail Put at \$14,000, O'Neil's at \$13,000 and Edward J. O'Hare's at \$10,500.

By a Staff Correspondent of the Post-Dispatch.

WASHINGTON, Feb. 17.—Ten defendants in the Jack Daniel prohibition conspiracy case—eight from St. Louis and two from Cincinnati—now serving sentences in the Leavenworth penitentiary, were granted bail today by Justice Pierce Butler of the United States Supreme Court, assigned to the Seventh Judicial Circuit.

The St. Louis prisoners and the amount of their bail follow:

Harry Levin, \$25,000.
Morris Multin, \$25,000.
Michael Whalen, \$25,000.
Tony Foley, \$14,000.
O'Neil, \$13,000.
Robert E. Walker, \$13,500.
John Connor, \$13,500.
Edward J. O'Hare, \$10,500.

George R. Landon and William Lucking, Cincinnati capitalists, who were convicted of supplying George Remus with money to loot the St. Louis distillery, will be released on bonds of \$12,500 each.

Must Press Their Appeals.

Justice Butler said his action was based on the condition that the appeals of the men are pushed diligently in the court.

Department of Justice officials said today that the prisoners would be released as soon as the mandate was received by the Court of Appeals at Chicago and satisfactory bonds filed there.

The action today was the result of appeal for supersedeas bond made before Justice Butler in his chambers two weeks ago.

The St. Louis defendants were represented by former United States District Attorney Charles A. Houts and other St. Louis attorneys who argued that the St. Louis prisoners would have served most of their sentences by the time the Circuit Court of Appeals acted upon the case in Chicago.

No Goldstein-Hellmich Pleas.

At that time Houts said that he would not ask for release of Goldstein, Hellmich, Kinney, Clerk, or Arnold J. Hellmich, former Collector of Internal Revenue in St. Louis.

Houts surprised District Attorney Albert Ward and Howard Jones of the Department of Justice by selecting defendants for whom an appeal had not been made in the Appellate Court, Chicago, after Judge Baltzell refused bond when the writ of error was filed. The strategy of Houts was apparently to select short-term defendants and to use Justice Butler's decision as a precedent in possible later appeals by Goldstein and Hellmich for release on bond in the event these prisoners desired to avail themselves of the opportunity.

Levi Cook of Washington, who represented Ward and Jones, contended before Justice Butler that his clients, Landon and Lucking, when advancing the money to Remus, did not know for what purpose it would be used.

Only Three St. Louis Prisoners Used.

Only three St. Louis prisoners in Leavenworth for the Jack Daniel conspiracy did not join in the successful appeal to Justice Butler for supersedeas bond. They were Nat Goldstein, Arnold Hellmich and William J. Kinney, former Deputy Internal Revenue Collector, and brother of State Senator Mike Kinney, who was granted a new trial. Attorney Houts today said he was not prepared to say whether Goldstein, who was represented at the trial by an Indianapolis attorney, would seek his release. The appeal, said Houts, on conference.

INHERITANCE TAX MUST STAND, HOUSE MEN SAY

Conferees Assure Colleagues They Will Not Yield Point to Senators.

WASHINGTON, Feb. 17.—House conferees on the revenue bill have assured fellow members on the floor that they will not yield to the Senate in its demand for repeal of the inheritance tax.

Efforts of the Senate and House conferees failed yesterday to bring any agreement on the sections inserted in the bill by the Senate which added \$125,000,000 to the total of tax reduction voted by the House, although many of the less controversial differences between the two chambers affecting the administrative provisions were adjusted in the five hours of deliberation.

Representative Green (Rep.) of Iowa, who heads the House conferees, told the House that while he would favor an inheritance tax for the District of Columbia if the Federal levy should be repealed, he thought the latter action a "remote possibility." Representative Garner (Dem.) of Texas, another of the conferees, asserted that the "House has expressed itself on the inheritance tax and, in my judgment, the conferees will never yield."

In addition to voting for repeal of the inheritance tax, the Senate also eliminated from the bill the taxes on automobiles, admissions and dues, which the House had proposed merely to reduce. These are the main points at issue in the joint conference, and both sides refused to yield.

The confidence of the Treasury that the tax bill will be ironed out and passed finally by House and Senate and signed by the President before March 15, is shown in language used in explanatory matter being sent to taxpayers in the smaller income divisions with the blank forms for their returns. The Treasury is proceeding on the assumption that the taxes on 1925 incomes will be assessed under the provisions of the new law.

MISS WILLS SEEKS NEW MATCH WITH LENGLEN AT NICE

Both U. S. Tennis Star and Her French Conqueror Will Enter the Singles There Next Month.

LOSER DANCES, BUT VICTOR LIES ABED

Helen Breaks Training for First Time, Then Leaves Cannes for Next Tournament on Schedule.

By the Associated Press.

NICE, France, Feb. 17.—Helen Wills today requested that her first round singles match against Miss Lily Hamblin in the Beaulieu tennis tournament be postponed until tomorrow afternoon. She said she was tired from her exertions in yesterday's match against Suzanne Lenglen. She insists she will play tomorrow.

Answering inquiries in the French papers that she was not willing to compete further in singles play on the Riviera, she said she would carry out her program as originally scheduled.

While en route to Nice from Cannes, Miss Wills said she felt no effects from her encounter with Miss Lenglen. For the first time since her arrival on the Riviera, she broke training last night, going to the Casino and dancing for several hours. Lenglen, on the other hand, went to bed immediately after dinner.

"I am playing in the singles in the Nice tournament next month," said Lenglen yesterday. "and I suppose I must meet Miss Wills again if she comes to enter."

Miss Wills sent word that she would carry out the schedule she had mapped out for herself when she came to the Riviera. This includes the singles at Nice.

The second Nice tournament will run from March 8 to March 15. After the stirring battle between the two champions yesterday, the betting odds have dropped greatly. Miss Wills is now quoted at even money to defeat Suzanne at St. Cloud and Wimbledon.

Miss Wills is still resounding with praise for the work of the American girl against the French champion in the final of the Carlton Club singles yesterday.

Experts Uncertain.

PARIS, Feb. 17.—Uncertainty is general on the boulevards as to whether Suzanne Lenglen can defeat La Championne Americaine again.

All expert comment today on the triumph of the French favorite over "Miss Wills" was that the way the French pronounced it—pointed out that there was no great gap between the players. None expressed confidence that Suzanne would repeat her triumph.

Says L'Echo Des Sports: "One can say that Helen is the greatest tennis player in the world after Suzanne, but far from definitely solving the problem of superiority this encounter complicates it."

"We had grown to consider the French champion as in a class apart; that short of accident her position could not be threatened by any of her rivals. Yesterday's match proves that Suzanne is not in a class of her own above all others; that her defeat can be placed as among the possible if not normal eventualities."

Many French papers printed tabulated statistics of the conferees such as usually accompany accounts of a prize fight.

League to Study Causes of Death.

GENEVA, Feb. 17.—After examining a detailed report from the American Public Health Association concerning revision of the international list of causes of death, the League of Nations has decided to study the problem of such revision and has asked all Governments to forward their views. Great Britain has already notified the league that she will collaborate, believing revision desirable in tracing the causes of disease.

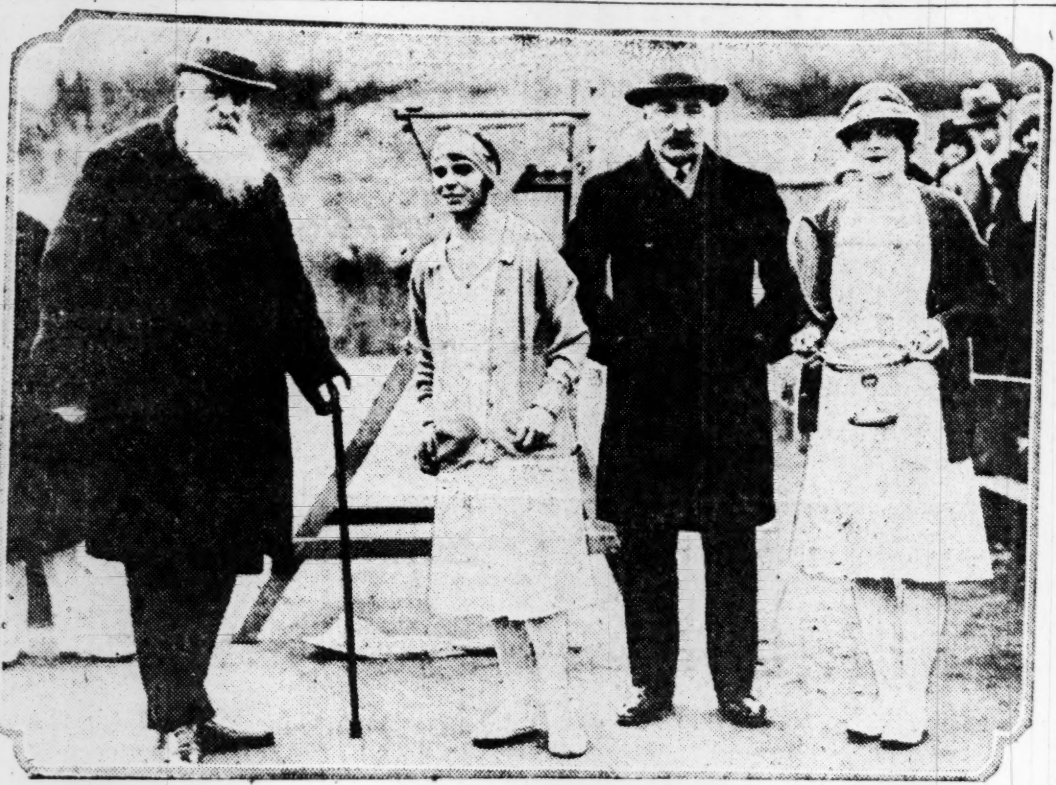

British Readmit Germans.

LONDON, Feb. 17.—The Yacht Racing Association today repealed a rule against the former enemy countries, adopting a unanimous resolution offered by the committee, that the races should be held at the races. Hunkle said that the Germans, from the Kaiser down, always used to behave most politely. The Prince of Wales has been elected president of the association by acclamation.

Senate Votes Civil War Award.

WASHINGTON, Feb. 17.—The Senate today voted to award Mrs. Mary A. Dixon, 75 years old, \$100,000 for her services during the Civil War. Mrs. Dixon inherited the plantation near Port Hudson, La., occupied by Gen. Banks' troops, and has sought compensation for many years. The House must act on the bill authorizing payment.

U. S. SURVEY OF CONDITIONS

UNDER PROHIBITION URGED
Bill in House Would Create Special Congressional Committee to Get Facts.

By the Associated Press.

WASHINGTON, Feb. 17.—A survey of conditions under prohibition by a special congressional committee was proposed today in a bill by Representative Celler (Dem.) of New York, who said it had the approval of both Representative Upshaw (Dem.) of Georgia, an ardent dry, and Representative Hill (Rep.) of Maryland, a wet leader.

The bill will take its place beside others pending calling for investigation of prohibition affairs. One by Chairman Hudson of the House Alcoholic Liquor Traffic Committee, would call for a survey by its group of present conditions, and another by Representative Britton (Rep.) of Illinois requests investigation of the Anti-Saloon League. Celler would have the inquiry determine:

"The effect of prohibition upon business, industry and labor; its relation to vital statistics, including the effect of prohibition as regards social and moral conditions, with its effect upon family relations; its relation to crime, drug addiction, its effect on respect for law, and drinking among young people."

RUMORED RESIGNATIONS OF

MARSHAL'S FORCE UNDER FIRE
Alderman Eilers to Propose Inquiry by Legislative Committee of Board.

Alderman Eilers announced today he will ask the Legislative Committee of the Board of Aldermen, of which he is a member, to investigate the report current at City Hall that City Marshal Duffy has demanded the resignation of his 25 deputies. The committee, which may meet tomorrow, is investigating conduct of various city departments, including the Marshals.

Marshal Duffy, who declined to discuss the matter today, was appointed by Mayor Miller last May. Many of his deputies have been in office for years and have been friendly to the forces of Mayor Kiel. In a recent Efficiency Board examination for Deputy Marshals about 24 men were placed on the eligible list, many of whom are understood to be friendly to the Miller forces.

It is possible that the Marshal may choose to accept only certain resignations. He said he would make a statement in a short time, when ready. He has five deputies in each of the two police courts, 19 in the city hall and five in his office. Soon after the present City charter was adopted former Assessor Schramm demanded wholesale resignations of his employees and a furore was created.

WOULD HALT SENATE INQUIRY

Republican Caucus Moves to Refer Motion to Standing Committee.

WASHINGTON, Feb. 17.—A move to put the brakes on Senate investigations was begun today at a conference of Senate Republicans. To discourage prompt adoption of resolutions of inquiry at the request of one Senator, the conference went on record in favor of referring such measures to the standing committee which has charge of the subject matter of a proposed investigation. This committee would conduct a preliminary survey and if a favorable report were made the measure then would go to the Committee on Audit and Control for approval.

HELEN WILLS' JOY

OF SMASHING COST
HER MANY POINTS

By Margaret Post Nienmeyer.

SPECIAL CABLE TO THE POST-DISPATCH.

CANNES, Feb. 17.—With the defeat of Miss Helen Wills by Mademoiselle Suzanne Lenglen American chances for the women's singles championship vanished in a thin air and the mercurial young French woman remains supreme. It was a valiant battle, but the young American, although an extraordinary player, is as yet no match for the seasoned Suzanne.

Long before the scheduled hour for the match, every available inch of space at the Carlton Club courts was filled up and roofs of nearby garages, as well as trees were used as additional viewpoints. The gallery was an especially brilliant one, even for the Riviera representing almost every nationality and having a goodly sprinkling of royalty. Ex-King Manuel of Portugal, an Indian Maharajah and Salomon Joel were enthusiastic witnesses.

With the appearance of Miss Wills and Miss Lenglen on the courts, the crowd gave them a great ovation. Miss Wills in a white tennis frock and now famous eyeshade and Miss Lenglen in a white shirt and apricot blouse, with headband to match, posed for the camera men and after a few practice shots the match was on.

Lenglen occasionally nervous. From the start there was little doubt as to the final outcome. Lenglen was confident throughout, though occasionally becoming nervous when Wills pressed her too closely or when the latter became too noisy. She had a queer little habit of blowing on her closed fists at such times. After a brilliantly telling shot she frequently smiled at friends in the throng. Miss Wills was calm and collected, though showing great signs of fatigue at one time during the second set. Her game, played mostly from the baseline, was forceful and brilliant, but her tendency to let was pure suicide against Suzanne and the sheer joy of smashing lost Helen many a point.

Suzanne's strength lies largely in harmony within herself of brain, muscle and vision. These three forces, working in perfect co-operation, make her the most marvelous woman player of the day. Her defense is as perfect as her attack. The final set going to deuce, with one false finish, held a special thrill when the set was apparently awarded to Suzanne through a mistake in announcing too soon, but play was resumed and the set was soon won by the French champion.

Lenglen a Furious Player.

There is, of course, no comparison in the style of play of the two women, and whatever they do is done in an entirely different manner. The American's power and careful study of every drive is apparent to the student of the game. Baseball lovers who remember the easy manner in which Lajoie covered second base can see much of the same style in Miss Wills' play on the courts. Lajoie was so graceful and did his hardest work in such an easy manner that the casual observer would never imagine that it was the same of them all and it is the same with Helen's work on the courts. She seemed yesterday, especially in that heart-breaking second set, to be always at the right spot at the right moment without any particular effort. Suzanne, who, incidentally, is never called by anything but her first name over here, on the other hand, was all over the back of the court all of the time. She is exceedingly spectacular, which is what the French expect of a champion, and it is said one never knows whether she is playing Camille or playing tennis. However, there was no doubt yesterday as to what she was playing. She demonstrated, although apparently playing safe most of the time, that she is the best woman tennis star of the moment and probably of all time. I think she is an even better player than Mrs. Mallory was in her prime and there is little danger of Miss Wills or anyone else wresting her title away from her in the near future.

REHEARING GIVEN

ON EVIDENCE NOT
OFFERED AT TRIAL

Continued from Page One.

were not before the Court and could not be considered by it. He said if Baldwin was not guilty, the matter now was one for the consideration by the Board of Pardons. The men making the affidavits, which were dated some time after the original affirmation of the conviction, were not called as witnesses at the trial. It was said:

"With the conclusion of the Circuit Attorney that the defendant is not guilty, we have nothing to do now. Judge Walker wrote, 'This is a court of errors and appeals, and with a proper regard for the limits of our jurisdiction only the record speaks audibly to us. To say the least, the pangs of conscience that now seem to move the Circuit Attorney to seek, by epistolary means, to undo what he did in the discharge of his duty in this matter, have been a long time in finding utterance.'

"The record is as he made it," the Judge continued, "and if the defendant was not guilty he should, in the proper discharge of his duty, have known it and dismissed the case. He did not do it and his own record made during the trial demonstrates that he was not then remiss in his duty. If this silent monitor that 'doth make cowards of us all' now moves him to repent, his locus penitentius is the Board of Pardons and not this court."

Says There Was No Error.

Judge Walker declared there was no error in the introduction of evidence to show that a Battalion platoon of Baldwin was kept at police headquarters and that no objection was made by defense counsel at the time. It now is contended this was prejudicial error. Judge Walker pointed out that Baldwin's counsel, speaker Parker, filed no brief when the appeal was heard by the court and the opinion was held up until two extensions had been given for filing the defense.

150 PERSONS HELD UP, THEN THIEVES FLEE UNDER FIRE

Two Robbed by Four Masked Men Who Intimidate Meeting of Loan Firm at 2801 Gamble.

Four masked men held up about 150 men, women and children at a meeting last night of the Orpheum Loan and Investment Co., on the second floor of 2801 Gamble street, robbed two men, and then exchanged shots with Max Shapiro, president of the company, who fired at them through the sliding panel of his private office.

The robbers fled, one of them wounded. A trail of blood marked the path they took downstairs to a parked machine in which they escaped.

Stockholders and clients of the company were meeting in a large room and Shapiro was in his office counting money, when the robbers entered. After compelling the crowd to raise their hands, the holdup men took \$90 from Max Alpen, of 5122A Kensington avenue, and \$50 from Hyman Pessien, 2610 Wash street.

Then they stepped to Shapiro's office and knocked. Shapiro cautiously opened a sliding panel of the door and peered out to face two revolvers and the command, "Sit down." Instead, Shapiro whipped out a pistol and fired two shots at the robbers through the door. The crowd was not in the line of fire, having been herded to the other side of the room.

The robbers ran toward the stairway, firing several shots at Shapiro as he unlocked the office door and pursued them. On the sidewalk he saw three of the men assist the fourth, apparently wounded, into the machine.

Shapiro, who lives at 5210 Kensington avenue, refused to tell police how much money he saved by resistance. The company meets almost nightly at the Gamble street address to transact business and approve loans.

brief. The decision of the court was ignored, Judge Walker said, and no motion for rehearing filed and no attempt made to get a rehearing until after the time had expired, and then by methods not granting of the rehearing. Judge Walker said, "would reflect discredit on this court and invite similar proceedings in other cases."

Sidener to Nolle Prosses Case if It Is Remanded.

Circuit Attorney Sidener today said he felt he had done his duty, in spite of the criticism of Supreme Judge Walker. "When I prosecuted Baldwin I thought he was guilty," he said. "When I wrote to Chief Justice Blair I was convinced I had convicted an innocent man. It was my only alternative. I didn't want to go home with the feeling that I had sent an innocent man to prison, so I took immediate steps to undo what I had done. If the case is remanded for a new trial, I will nolle prosses it as soon as it gets here."

Not Even War News Excited Lincoln, Telegrapher Says

But That Office Boy Edison, He Nearly Drove Us Mad, Charles L. Snyder's Memory of Inventor.

Hobnobbed With Lincoln

'CAPTAIN BOB' SNYDER.

An Abraham Lincoln that was "a calm old fellow that used to crack jokes and send us boys champagne," and a Thomas Edison that was the "office help-me-boy."

"Crazy Tom" we called him; he talked and talked and talked; those are the two most vivid memories of the sixties that remain with "Captain Bob."

He is Charles L. Snyder, 51 years old, who left his home at Catawqua, Pa., when he was 16, to become a member of the telegraph corps of the Union Army. He hobnobbed with Lincoln when the President used to frequent the corps' office to get the "news from that man Grant;" later, when Snyder was manager of the Western Union office in Cincinnati, he became Edison's patron; now he is at St. John's Hospital with a broken leg, suffered in a fall eight weeks ago, and a case of grip; no light matters for a man his age.

Copied Dispatches for Lincoln.

"Lincoln used to drop into the office afternoons to crack a few jokes with us," Snyder likes to tell his friends. "He'd sit around while the news from the army came in, and then he would read it off as soon as I had copied it out for him. He didn't understand dot-and-dash; and I wrote the best hand of the corps."

"He never got the least bit excited that I can remember," Snyder said. "After the news was read, he'd sit down and write a paragraph or two of the Emancipation Proclamation and read it to us—just like my old friend Homer Bates said."

Snyder was referring to an article in the Post-Dispatch of Feb. 12 which gave some of the reminiscences of Homer Bates, manager of the War Department's telegraph office in Washington during the Civil War. "I'd lost track of Homer, too, until they showed me that article."

Then Lincoln used to ask us to walk a ways with him to his house.

Cracking jokes all the way and walking mighty fast. He'd send

us a whole case of champagne every now and then."

If somebody asks Snyder about Edison, he just grumbles, "Oh, crazy Tom. Crazy as could be—talk and talk and talk until he drove me crazy in the office. Then he got really interested in telegraphy, and I fetched him an old discarded instrument of mine, from the basement, that he experimented on."

"He forgot Shakespeare, everything became telegraphy, then. And he still talked and talked and talked. He still calls on me when he comes to St. Louis. He is 2 years younger than I am. But he has gone on and learned lots of things I never dream of. I stopped completely, I guess, when I retired in 1912."

Though he took part in several actions and was wounded at Chickamauga, Snyder receives no pension, since the telegraphic corps was not technically a part of the Union Army. He has lived in St. Louis since 1885.

WORLD FLYERS TO MAKE AIRPLANE TRIP OVER POLE

Lieut. Wade to Head Expedition Which Will Be Backed by Alumni of Universities.

HOPES TO FIND LAND IN FAR NORTH

Lieut. Ogden, Who Has Resigned From Army, Will Be First Assistant to Wade.

By the Associated Press.
NEW YORK, Feb. 17.—Lieut. Leigh Wade and H. H. Ogden, crack American flyers who circled the globe for the army, are to undertake a civilian trans-polar flight seeking new territory to claim for the United States.

Coincident with the resignation from the army of Lieut. Ogden in Washington yesterday, Lieut. Wade, New York, announced that he, too, was about to resign, and that both would make the flight.

Lieut. Wade will lead the expedition and Lieut. Ogden will be his assistant. Other army flyers are expected to join them, but their names are withheld until their resignations become certain. Lieut. Wade denied that his own withdrawal from the army was prompted by the suspension and resignation of Col. William Mitchell.

Alumni to Back Trip.

The flight is to be known as the American University Alumni Expedition, and is backed by alumni of Harvard, Yale, Princeton and the University of Pennsylvania. It was first suggested by Robert Anderson Pope, New York engineer and Harvard graduate, who has spent five years in the Arctic.

One of its primary objects will be the location of land near the pole as a possible airplane base for the United States.

To some extent this object parallels that of another trans-polar expedition sponsored by the Detroit Aviation Society and now mobilizing in Alaska under the direction of Capt. George Wilkins.

Lieut. Wade, however, is concerned more with the acquisition and utilization of territory than is the Detroit expedition, which has been announced as chiefly for scientific exploration.

"Success would go far to visualize the enormous latent possibilities of aviation," Wade says. "The land we shall seek we believe to be located on the great circle routes between the Occident and Orient—the most logical site for an airplane base for London-Tokyo air traffic."

Starts on June 8.

Lieut. Wade expects to resign from the army within the next two weeks. The expedition hopes to leave Seattle on June 8, and to make its first flight early in July. It will be equipped with five Douglas planes, each carrying three 220-horsepower motors. The party expects to live on the land if it becomes necessary.

Four pilots are now scheduled, including the Wade and Detroit flights. The other two are those of Roald Amundsen and the Byrd expedition. The latter is backed by a group of wealthy men, including John D. Rockefeller Jr. and Henry Ford.

Among the pilots on the Wade polar flight will be Noel Wein, a commercial aviator, who has flown 20,000 miles in Alaska without mishap, and Norman H. Read, a Yale man, who joined the British air forces at the beginning of the war, and has a record of almost 600 hours scout and reconnaissance flying during the war in the United States air service.

Other members of the party will be Lowell Thomas, writer and photographer; Harry Ehler, mining engineer, and L. L. Jackson, radio expert, formerly of the navy and a geologist and a meteorologist on the staff of the American Museum of Natural History.

LOS ANGELES EPIDEMIC WAKES

By the Associated Press.
LOS ANGELES, Cal., Feb. 17.—More than 100,000 persons have been vaccinated in Los Angeles under the direction of the city health department since the outbreak of smallpox here several months ago. A marked decline in the number of cases reported brought a statement from the department that the peak of the contagion is believed past. Only eight new cases were reported in a two-day period.

By the Associated Press.
WALLACE, Idaho, Feb. 17.—All public schools here are closed because of the spread of contagious diseases. An order issued by city health authorities also prohibits children from attending theaters, dances and churches until Feb. 23. The action is an effort to check the spread of influenza, scarlet fever, mumps and measles.

DALLAS, Tex., Feb. 17.—Health officers in Dallas and Houston, where thousands of persons are suffering from mild cases of influenza and grip, said today there was no reason for alarm and with continued sunshine the epidemic would be checked within a few days.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home but quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations. It is simple and cheap, but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any drugist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup. Instead of sugar syrup, either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat and chest and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes.

Avoid disappointment by asking your drugist for 2½ ounces of Pinex with full directions and don't accept anything else guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Louis, Mo.

DESIGN OF MUNICIPAL SERVICE BUILDING

Three-Story Structure at 12th and Clark Will Cost Total of \$1,000,000.

The general design for the Municipal Service Building, to be erected at the southeast corner of Twelfth street and Clark avenue, on the site of the old "Four Courts Building" was announced today by Director of Public Utilities Wall.

The building will be a three-story structure built of reinforced concrete, faced with brick, and equipped with a 200-foot smoke-stack of ornamental design. The estimated cost will be \$750,000 for the building and \$250,000 for equipment, all from bond issue funds.

An architect's drawing was received from the firm of Study & Farrar today and detailed plans for the consideration of the Board of Public Service, will be ready in about three weeks, Director Wall said.

The Service Building will occupy the entire block bounded by Eleventh, Twelfth, Clark avenue and Spruce street. It will house a power plant for heating all buildings of the municipal group, including the Municipal Auditorium and Courthouse, when they are erected on the Municipal Plaza. There will also be a transformer plant to reduce electric current purchased from the Union Electric Light and Power Co.

The fire engine house now located at Sixteenth and Market streets will be moved to the new structure, with quarters on the Twelfth street side, near Clark avenue. The repair shops of the Fire Department, now at Twelfth street and Washington avenue, will have quarters in the building, and there will be a garage for city-owned automobiles, accommodating 200 machines.

A railroad switch from the Terminal Railroad yards will make it possible to bring coal in carload lots direct to the new power plant and eliminate the cost of hauling, now a part of the expense of operating the city hall power plant, which will be abandoned.

The Board of Public Service has approved the general design of the structure and a call for bids will follow its examination of the detailed plans.

INVITATIONS TO EXPOSITION DECLINED BY THREE CONSULS

Cuban, Mexican and Venezuelan Representatives Cite Slight on Previous Occasion.

The consuls of Cuba, Mexico and Venezuela today said they have refused invitations to the Woman's National Exposition, because a woman active in the exposition failed on a previous occasion, at a dinner given here to a foreign Ambassador, to accord them seats as prominent as those of the European consuls.

The consuls of Cuba and Mexico, who spoke for the Venezuelan consul as well, were due to a misapprehension, quoted as having stated last Saturday that they had refused invitations from the Chamber of Commerce. The consuls said today they never have had any quarrel with the Chamber of Commerce.

DAUGHTER OF WASHINGTON'S AID DIES AT AGE OF 111

Milwaukee Woman Had Visit of Meeting Lafayette on Visit to West Point.

By the Associated Press. MILWAUKEE, Wis., Feb. 17.—Mrs. Louise K. Thiers, 111 years old, and the daughter of a veteran of the American Revolution, died here today. Her father was Seth Kapron, a Massachusetts pioneer, who joined the "Colonial" forces at the age of 15 and rose to be an aid of Washington. Mrs. Thiers often told of her father's acquaintance with Gen. Washington. At the time of Cornwallis' surrender, according to Mrs. Thiers, Washington shook hands with hundreds of his soldiers and the last to bid him goodbye was her father.

She recalled a visit she made with her father to West Point, where she met Lafayette.

The Sting of Truth!

The happenings of actual life are always more interesting than fiction. But Truth may also carry the sting of reality when it comes too close to home—because it exposes the methods of Satan, and helps to shatter the power of wrong.

But Truth can never hurt those who wish to guard against evil. In fact, thousands have profited by the timely warnings received through the experiences of others.

Every month True Story Magazine publishes eighteen or twenty true-life narratives written by those whose ignorance or folly has brought them grief and despair. How they triumphed over their mistakes and found happiness in right living is always as dramatic and thrilling as it is helpful. The March issue is fairly packed with such stories. Now on the newsstands. Buy it today.

SCHOOL AID DENIED
MUSSOLINI IN YOUTH

Appeal Written by Mother Shows Poverty Forced Him to Drop Studies at 12.

By the Associated Press.
CREMONA, Italy, Feb. 17.—An humble letter written by a poverty-stricken school teacher 30 years ago, asking the Prefect of civil for some aid to permit her 12-year-old son to continue his studies, has just come to light.

The boy was Benito Mussolini, and the mother was Rosa Maltoni Mussolini. The request was refused.

Dated Sept. 20, 1895, at Predappio, the letter recalled to the Prefect a visit he paid to Rosa's little school and the words of praise he had for her work. It recounted him of a remark that the teacher's long and excellent service deserved some special gratification. That year the economic straits of the little town reached their height because of the failure of crops and the total absence of grapes, the only product of the place.

"For these reasons," the letter continues, "my poor family is in such financial difficulties that we must discontinue the studies of our 12-year-old boy who is at the Royal Normal School who, to judge by his teacher's praises, promises something."

Across the letter with the date Nov. 30, 1896, is the word: "Denied."

COULDN'T GET
ALONG WITHOUT IT

Says Well-Known Overland, Missouri, Woman in Referring to the Great Remedy Herb Juice.

"I feel that I just couldn't get along without Herb Juice because since taking it for only a short time it has done me more real good than all the other medicines I have ever taken combined, and I want to make this public statement so that others suffering as I have may profit by my experience," said Mrs. Charles Abshier, who resides at Overland, Missouri, in a recent conversation with the Herb Juice man.

MRS. CHARLES ABSHIER

In continuing, Mrs. Abshier said: "For years I have been a sufferer of chronic constipation, and while I have taken practically every remedy I could hear of, nothing seemed to give me any noticeable relief. My husband was also in a pretty badly run down condition, suffering a great deal with liver and kidney disorders as well as a very bad stomach. After reading so many interesting testimonials in the St. Louis papers, we decided that there must be something to Herb Juice and decided to try it. So we both started taking Herb Juice at the same time and today we are one hundred per cent relieved. My constipation has been completely destroyed. My husband's stomach trouble is also greatly improved and his kidneys and liver are functioning better than they have in years. We are both profound boosters of this remarkable remedy and urge everyone to try Herb Juice on our recommendation."

Herb Juice is the biggest selling medicine in the market where it is known. Hundreds are calling daily to see the Herb Juice man at Washington Drug Co., 514 Washington Ave., giving statements for publication and praising Herb Juice that their friends may be induced to try the great remedy which is relieving many sufferers in St. Louis.

CROWDS FLOCK TO SEE INDIAN 'MIRACLE MEN'

Americans Cross Border to Visit Healers' Camp at Nuevo Laredo.

Special to the Post-Dispatch.

LAREDO, Tex., Feb. 17.—Headless of the fact that they might never be able to return to the United States, a stream of sick and crippled Mexicans has passed across the border at Laredo, bound for a dismal cemetery in Nuevo Laredo, where a motley throng estimated at more than 10,000 awaited their turn to pass before two Indian "miracle men."

Just outside the walls of the cemetery, the two healers, middle-aged men, worn to skeleton appearance by three days and nights of almost ceaseless prayer, carried on yesterday in a fever of religious zeal. They laid their hands upon each passing suppliant and invoked the blessing of "Almighty God."

The "miracle men" are Yucatecas Indians, who walked into Nuevo Laredo unannounced four days ago, set up camp, with their two women, in the cemetery, and began their weird services. Soon a crowd formed, whole Mexican families flocking to the scene and setting up camp to await an audience with the Indians.

Many miraculous cures of paralysis, the blind and deaf have been reported, and each report added to the size of the throng. San Antonio, more than 200 miles distant, has contributed its share of pilgrims.

Finally, however, the flow of the sick across the border was checked by the Mexican Government.

FOOD PRODUCTS SUIT SEEKS TO PREVENT NEW MONOPOLY
Government Action Filed on Day Before Receipts for Stock Subscriptions Issued.

WASHINGTON, Feb. 17.—The Department of Justice's antitrust suit against the National Food Products Corporation, filed last Saturday in New York, was in line with a purpose to forestall tendencies toward monopolies rather than to combat a monopoly already formed, it is explained here.

It is made clear that the department did not hold in the petition for a restraining order that the corporation had acquired actual control of a number of chain grocery and other food and dairy organizations, as previously reported. It was set forth rather that the corporation had obtained stock in such organizations, the amount of which was not specified, and this stock should be relinquished.

Among concerns listed, in which the department said stock had been acquired by the National Food Products Corporation, were: Great Atlantic and Pacific Tea Co., National Dairy Products Corporation, H. C. Bohack Co., Inc., James Butler Grocery Co., First National Stores, Inc., Abbott's Dairy Products, Inc., The Borden Co., Field Cream Co., United States Dairy Products Corporation and the Detroit Creamery Co.

The National Food Products Corporation was organized as a holding company, the Government contended, with the purpose of acquiring stock in food companies throughout the United States. The suit was filed against it Saturday to make known the proceedings before Monday, when receipts for stock subscriptions were to have been issued in New York by the corporation's bankers.

British Launch 10,000-Ton Cruiser.

LONDON, Feb. 17.—The first of Great Britain's 10,000-ton cruisers to be built under the restrictions of the Washington Naval Agreement, was launched at Portsmouth yesterday, the Marchioness of Bristol performing the christening ceremony. Three similar vessels, all begun under the Labor Government, are expected to be ready to join the fleet in the course of the present year.

E. B. Pike, Whetstone Maker, Dies.

PIKE, N. H., Feb. 17.—Edward Bertram Pike, president of the Pike Manufacturing Co., said to be the largest producer of whetstones in the world, died here today in his sixtieth year. In 1908 he succeeded his father, the late Edwin Burbank Pike, as head of a business founded here in 1842.

TAKES TAX COLLECTOR'S HINT

Consideration of the fee you received from my cousin, whose life you saved and for which I thank you, do you not think you ought to put a figure in front of the amount mentioned in your income tax declaration? Man's Troubles Arrested

"The past 4 years I have been going down, down, down with catarrh of the stomach and had to give up work a year ago because of my weakened condition. I suffered terribly from bloating and colic attacks. May's (one dose will convince) was recommended to me. I took a course of it and am now feeling fine. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Wolff-Wilson Drug Stores, Walgreen Drug Co. and druggists everywhere.

URGES MEDICAL EXAMINERS FOR CORONERS' CASES

Missouri Crime Survey Report Recommends Their
Eventual Replacement of
Coroners.

GOVERNOR WOULD APPOINT EXAMINERS

Inquests of Little Value and
Frequently Detracting
Justice Under Present System, Report Declares.

Appointment of medical examiners by the Governor to replace Coroners in medical functions was advocated in a report on the office of Coroner by the Missouri Association for Criminal Justice, here last night. The association recommended eventual elimination of the Coroners, leaving their judicial functions to courts and prosecutors.

The report was delivered in abstract at a meeting of the St. Louis Medical Society at its auditorium. It was prepared by Prof. Raymond Moley of the Department of Public Law and Jurisprudence of Columbia University, and is copyrighted. It is the third published of 10 included in the recent crime survey.

Under the present system, Coroner's inquests frequently are of little value and sometimes detract from the justice of the system, according to the report. It urged, therefore, the beneficial effects of careful, skilled, medical examinations of bodies in "Coroner's cases."

In addition, the association urged creation of the office of State pathologist to be appointed by the Governor for a long term, to assist the medical examiners in difficult and important cases, to give consultation in autopsies, to perform chemical and microscopic examination for the examiners and to standardize their practice.

It is recognized that the office of Coroner cannot be abolished quickly, as it is a constitutional one inhering in the functions of English practice eight centuries old. The report advocated leaving the judicial functions intact in the meantime, permitting the Governor to determine the functions of the medical examiner, who must be a qualified physician, has no answer only as to the immediate cause of death, but does so in detail, furnishing much valuable data for the judicial inquiry which the coroner's inquest cannot furnish. Photographs of the body, for instance, of the place in which it was found. This is the system followed in Massachusetts, where, in general, is recommended for Missouri.

Favors Indefinite Term.
The Coroner has jurisdiction in all homicides, suicides, accidental deaths and deaths occurring within the jurisdiction of the office, and, therefore, is an agent in the process of justice in crimes of violence.

Appointment of the medical examiner should be for at least seven years or, preferably, for an indefinite term, removable upon misbehavior, the association believes, and the Governor should be advised by professional groups in making his selections. There should be an examiner in each county and two in St. Louis. Fixed salaries should be paid in the larger counties and St. Louis, and the same made adequate elsewhere.

Abolition of the Coroner's jury is urged also, as an expensive inefficient investigating body, whose function of finding a verdict could be taken over by the Coroner.

Often No Candidates for Post.
In spite of the provision preventing a Coroner from being elected to succeed himself, although he can serve again after intervention of one term, it was found that frequently in rural counties no candidates for the job appear, because of the low fees, and the incumbent continues in office. This is the situation at present in at least 19 counties. It was noted, and in Gasconade County there is no Coroner.

The law provides no professional qualifications for Coroners. The practice often has been to elect physicians. This has been the case in St. Louis. Of 125 Coroners holding office now or recently, the investigator found 65 were physicians, 22 undertakers, three farmers and one or two each barber, dentist, osteopath, collector, agent, music dealer and mortician, stockman, lawyer, boxing alley manager, candy maker and painter.

In 29 instances the association gathered reliable opinions as to the character of physicians serving as Coroners, and was given favorable answers in 12.

ART LEAGUE OPENS
EXHIBIT AT LIBRARY

One Hundred Paintings of
Scenic Beauty in Missouri
on Display Tomorrow.

One hundred pictures devoted to the scenic charm of Missouri, in an exhibition opening tomorrow at the Public Library, Thirteenth and Olive streets, comprise a new annual feature in St. Louis art. This collection, which has been organized by the St. Louis Art League, is designed as a forerunner for the development of a series with the special purpose of cultivating popular appreciation of the picturesque attractiveness of the State.

The Art League's Exhibitions Committee would further enroll the artists in the movement for the development of interest in Missouri. It is pointed out that the use of good roads now coming in will make even the remotest places of attraction accessible. The League is said, also, to be desirous of the discerning eye of the artist, the hills of Massachusetts, or the hills of Hollywood.

Prize-Winning Picture. According to the committee the artists of the city have not felt sufficiently the encouragement of popular interest in the home country, and as a regular thing many of them go to the remotest places of attraction with awards for the year's best work has been proposed to help center general interest upon the subject, and the present collection of works, which has been put forth as a suggestion of what might be done.

A group of paintings awarded prizes by the Chamber of Commerce in recent annual exhibitions at the Artists' Guild are included, together with a number of pictures by former St. Louis artists lent from private collections, and the remainder of the exhibits come from the artists' studios.

Many Artists Represented. William K. Bixby lends a notable picture which shows a group of soldiers on the march. Sylvester Corroder, Stoddard and Cunningham, are other former St. Louis artists having pictures. Artists representing include, with a few probable additions yet to be made in the list, Mr. John S. Ankeney, Fred. Aquadro, Tom P. Barnett, Paul Berdanier, Oscar E. Berninghaus, Margaret Breen, Sheila Burdette, Edward M. Campbell, Edmund Clark, Dawson, Dawson, John J. Eppenstiner, Sarah Erganian, Paula Fenske, Augusta Finkelnburg, Carl R. Gentry, Charles K. Gleason, Gustav P. Hensch, Victor S. Holm, Martin C. Jones, Edward A. Luchenevill, Charles Marks, Mary A. McNeill, Arthur Mitchell, Frank B. Nudler, Emily Phelps, Simeon D. Peters, Alfred Russell, Blanche Schmick, Frederick L. Stoddard, Frederick Sultzer, Emily Bausch, Van Summers, Frederick Van Stuyver, Oscar Valentine Vogel, Carl G. Waldeck, Joelle K. Wagner, Mrs. George E. Wells, Verner White, A. T. Winchell, Dr. Edward A. Wolf, Gustav Wolff, F. Hummel, Walter Woolrich, Prof. Edmund Wolf, and Arthur L. Zeller.

Proposition bill by the senate, will.

There are four or five hundred other Mayors of Missouri cities, not one of whom so far as we have heard, demanded a place on the program. Like good soldiers, they were willing to march in the rear ranks and carry a gun until their leadership is recognized and called to the head of the column. Even our distinguished Mayor of Poplar Bluff, a man who we consider far more able than the well-advised Mayor of St. Louis, was willing to attend the Club's annual meeting without demanding a place on the program. We had not heard that the Mayor of Hilliard, with its 21 inhabitants, was offended by not being put on the program, and certainly he had more grounds for not having his ability recognized than the St. Louis Mayor.

However, admitting that he could not be offended "by his inferiors," Miller butted into the Republican editorial meet, which was held at Springfield at the same time the Club held its meeting, and got some of the poison off his chest. He attacked Williams for his stand against the World Court, Dr. Clements, National Committee man, for helping to oust him from the St. Louis Police Board, and the party leadership of the State generally for not getting down on its knees to the big, overgrown country boy who yelled fire from the housetops of St. Louis until he was elevated to the high position of Mayor.

So far as we know, Miller never got as much as honorable mention for any constructive thing he ever said or did. He has won his notoriety solely on his ability to kick up a row and be sensational.

We will stake our reputation as a prophet that Miller has run his race politically in Missouri and if he gets anything out of the Republican party in Missouri in the future it will be when the voters have lost their sense of leadership and choose instead a clown or a beater of a to-morrow.

THE SPIRIT OF YOUTH. From the Los Angeles Times. DOWN at the shoe store they say that the woman of 70 is wearing virtually the same footwear as the girl of 16. There is mighty little difference. Grandma doesn't call for the soft, broad-toed high shoes that she used to require. Maybe she is demanding a smart set of dancing pumps. Anyhow, mother and daughter may exchange shoes without knowing the difference. At the barber shop three generations may be getting bobbed and marcelled at the same time. The old lady and the flapper may dress and make up very much alike—even if the pioneer does not smoke as many cigarettes.

TO TRAVEL ABROAD

Miss Emily Zimmerer.

MISS ZIMMERER and her mother, Mrs. Emily R. Zimmerer, of 5220 Washington boulevard, will sail from New York on the S. S. Colombo, Tuesday, Feb. 23, for Europe, to be gone several months.

Social Items

ANNOUNCEMENT has been made by Mr. and Mrs. Frederick P. Fitzpatrick of Larchmont Manor, N. Y., formerly of St. Louis, of the engagement of their daughter, Miss Virginia Fitzpatrick, to W. Kenneth Watkins, son of Mr. and Mrs. Walter Watkins of Larchmont, and East Quogue, L. I. The wedding will take place shortly after Easter.

Miss Fitzpatrick, who attended the convent of the Holy Child, the Oaklawn School and the College of New Rochelle, is prominent in the social circles of New York and Westchester. She has long been associated with art and is at present a student.

Mr. Watkins is a graduate of the Irving School and Columbia University, and is a member of the American Institute of Architects. During the war he served as a Lieutenant in the Aviation section of the army. He is a member of the Columbia University Club, the Larchmont Yacht Club, the Delta Kappa Epsilon Fraternity and the Sons of the Revolution.

Mr. and Mrs. Fitzpatrick and close friends of Mr. and Mrs. Joseph Gilman Miller of 32 Portland place, and Mr. and Mrs. W. Palmer Clark of 2 Windermere place, and Miss Fitzpatrick and Miss Marie Clark have exchanged visits a number of times. Last spring the prospective bride was the guest of her uncle, Mr. Raymond F. McNally of 4437 McPherson avenue, and Mrs. McNally.

Mr. Fitzpatrick is president of the Railway Steel Spring Co.

Mrs. John G. Lonsdale of 4931 Lindell boulevard is expected home today from a 10-day visit in New York. Mr. Lonsdale stopped in Washington, D. C., for a few days, en route to St. Louis.

A dinner dance was given last night at the Algonquin Club by the 40th Infantry Reserve Officers' Regiment in honor of Col. David L. Stone, commandant at Jefferson Barracks, and Col. Clendenin, chief of staff.

The dining room of the club represented the mess tent and the various dinner courses were served from mess kits. Flags from Jefferson Barracks were in evidence as decorations. "The Star-Spangled Banner" was played by the Jefferson Barracks Band as the guests assembled, and a bugler sounded the march call as a signal for the "tent" doors to open.

The officers of Jefferson Barracks will give a dinner dance, at the Red Cross house, Friday evening. Reservations have been made for 75 guests.

The St. Louis Chapter "Hadasah," of which Mrs. Gustave Klausner is president, and the St. Louis Unit Junior "Hadasah," of which Miss Rose L. Tucker is president, will give a reception in honor of Mrs. Norvin Lindheim of New York City, tomorrow evening, at 8 o'clock, at Hotel Statler, Parlor A. Mrs. Lindheim recently returned from a trip to Palestine. Members and friends are invited.

Mr. and Mrs. Frank De Darme of 6185 Washington avenue, has returned from a visit in Bermuda.

MARGARET CARTER
TO MARRY BRITON

Her Engagement Announced
to Group at Luncheon—
Wedding Here in June.

AN engagement which takes its place among the most socially important of the year is that of Miss Margaret Carter, daughter of Mr. and Mrs. L. Ray Carter of 8 Portland place, and John Eaton Monks of Ringwood House, Ringwood, Kent, England, which was announced today at a luncheon given by Mrs. Carter to a small group of her daughter's close friends.

The bride-elect is quite young. She is a graduate of Mary Institute and Miss Porter's School in Farmington, Conn. Her formal presentation to society, scheduled for the season just passed, was postponed because of family mourning and a subsequent trip abroad, from which she and her parents and twin sister, Mary, have just returned. During a several months' residence in England she met her fiancé.

Mr. Monks is the head of his family, his father having died a few years ago. He was educated at Eaton and Oxford. His father was a cousin of the late Lord Kitchener, and one of his sisters is the Viscountess Broome.

Mr. Monks arrived in St. Louis in May to be the guest of his fiancée and her family and the wedding will take place in June. He and his bride will reside at Ringwood House.

Guests at the party today were Mrs. Mahlon B. Wallace Jr., Mrs. William Harrison Lyttles and Misses Mary Carter, Anne Wallace, Lillie Allen, Louise Church, Elizabeth Cook, Christine Vetter, Margaret Cranford, Jessie Carr, Elizabeth Cuendet and Elizabeth Douglas.

FUNERAL SERVICES FRIDAY
HERE FOR RAILWAY OFFICIAL

Stanley H. Johnson, 54, Vice President of C. R. I. & P., Dies in Chicago.

The body of Stanley H. Johnson, 54 years old, vice president and freight traffic manager of the Chicago, Rock Island & Pacific Railroad, who died yesterday in Chicago of bronchial pneumonia, will be buried at St. Louis Friday in Bellefontaine cemetery.

Mr. Johnson began his railroad career here in 1888 as a stenographer in the Southern Interstate Association for the Missouri-Kansas-Texas Railroad. He later was secretary of the Southwestern

James C. Daniels of St. Louis. He left St. Louis about 20 years ago to become assistant general freight agent of the Rock Island at Little Rock and was later transferred to Chicago, where he was named vice president in 1914. He is survived by his widow.

FRASER GANGE, BARITONE,
SUCCEEDS DESPITE A COLD

Soloist with Apollo Club Particularly Eloquent in "Mandala" and "The Two Grenadiers."

Despite a severe cold, Fraser Gange, baritone, won a striking success last night at the Odeon, where he appeared before a large audience as soloist with the Apollo Club. A melodious and well-trained voice served as the flexible instrument of his flair for interpretation. He was particularly eloquent and moving in "Mandala," by Oley Speaks, "Ungedult," by Schubert, and Schumann's "The Two Grenadiers," sung in English.

The male chorus, under Charles Galloway, paid studious attention to attack, release and shading. The tone quality was for the most part

euphonious. Its selections were Protheroe's "Shadow March," Noble's "Blow, Blow, Thou Winter Wind," J. B. Rhodes' setting of the famous passage in Ecclesiastes beginning, "Remember Now Thy Creator in the Days of Thy Youth," Hadley's "The Musical Trust" and Romberg's "Aufwiedersehen." Numerous extras were demanded from soloist and chorus.

fills the bill. The long, iridium-tipped point is rolled and hammered until as resilient as a watch spring. It slides over paper as an expert skater glides over glassy ice.

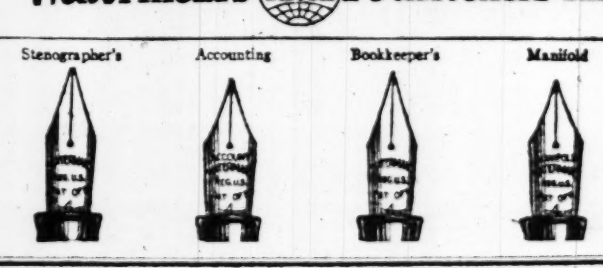

There is no limit to the hand speed of this pen point. Shaded lines can be made accurately at any angle without slowing up.

A good pen like this is preferred by expert court stenographers. It writes a blacker line that is more easily read, and absolutely permanent.

TWO DEATHS AT ALABAMA PRISON CAMP INVESTIGATED

One Convict Beaten to Death Another Scalded in Vat. It Is Charged.

By The Associated Press. TUSCUMBIA, Ala., Feb. 17.—A general investigation into recent deaths of convicts at Alabama mines operated by convict labor is being conducted by Attorney-General Davis.

J. T. Taylor asked that an investigation be conducted into the death of his son, who died at a convict camp after serving eight days of a 10-year sentence. Announcements by the Attorney-General also indicated a grand jury investigation will be asked into the death of James Knox, West Virginian, who died in a convict camp in August, 1924. He said efforts had been made to frustrate his inquiry.

Taylor in his complaint filed with the Sheriff of Colbert County charged that his son was beaten to death by two negro trustees, who had been ordered to punish him. Prison records showed Taylor died of heart trouble. Taylor requested an examination of the boy's body.

The Taylor case is similar to that of Knox, who, reports said, was scalded to death when he failed to dig his share of coal. Prison records state Knox died from poison, self-administered. Many newspaper reports said Knox was scalded to death in a vat, and that poison was forced into his body by someone at the prison camp.

Would Delay Nickel Plate Report. Special to The Post-Dispatch. WASHINGTON, Feb. 17.—Senator Wheeler (Dem.) of Montana seeks to have the Interstate Commerce Commission withhold its forthcoming decision on the Nickel Plate merger until Congress has acted on pending measures relating to railroad consolidations. He has introduced in the Senate a resolution to that end.

URGES MEDICAL EXAMINATION FOR CORONER'S CASES

Continued from Page 15. "Recently has been fortunate in the line of physicians who have served." In general, the report adds, the office is not attractive to men of first-rate ability and is popularly held in contempt.

Opposes Undertaker-Coroner. Undertakers should not be permitted to be coroners, the association maintains, since there is at least the temptation to use the office to gain undertaking business, and if the coroner's duty is fulfilled, a physician must be employed for autopsies and a lawyer to conduct inquests. In St. Louis County the present coroner is an undertaker.

In St. Louis, the report states, inquests are more orderly and well controlled than in trials in most minor criminal courts of the nation. Frequently in rural counties prosecutors fail in their "clear duty" to attend homicide inquests in about half the cases. In rural counties, with few inquests, the spirit of the jury system seems to be retained, but in larger counties there seem to be "repeaters" serving on juries to get the fees, while in St. Louis, to avoid troublesome delay, the practice is to keep the same jury for a week, but "there is no evidence of a group of professional jurors."

Many Blundering Verdicts. The inquest was of no value in helping to fix the responsibility for crime, the survey showed in the examination of a group of homicide cases. Sometimes coroners have returned verdicts of "exoneration" although the law does not justify this. Ample evidence was found the report says, to show that inquests as now conducted interfere with preparation of prosecutors' cases by bringing out evidence "in a very inadequate and clumsy manner."

Autopsies are carefully made in St. Louis, it is stated, but elsewhere the autopsy is the exception rather than the rule and when made, in most counties, the report is not filed with the inquest record. "Almost astounding carelessness generally is practiced," says the report, and undertaker-coroners often perform autopsies. Outside of St. Louis, it is declared, it is rare that a coroner's verdict satisfactorily states all essential facts. In St. Louis a system of employing private undertakers to carry bodies to the morgue tends to show a relationship between these designations and the subsequent selection of an undertaker by relatives of the deceased the report shows, recommending municipal provision for moving bodies.

Blundering verdicts of exoneration in accidents may become important factors in damage suits, the report says, and verdicts unduly favorable to insurance companies may be rendered.

The report was presented in summary by Guy A. Thompson, chairman of the Survey Committee. About 15 physicians and others were present, including Coroner Vitt, Deputy Coroner Dever and former coroners Richter and Padberg.

Vitt Opposes Plan. Coroner Vitt, a physician, speaking in opposition to the recommendations, declared he might be called Coroner-Chief Medical Examiner-Sheriff, since his office, he feels, is careful in the medical aspects of its work and is called on daily to serve summonses in suits in which the Sheriff is disqualified. The coroner gets no fees for this arduous work as substitute Sheriff. A medical-legal inquest is held here in every case in which crime might be involved, he said, and he defended the character of his juries, declaring that to place the

responsibility of verdicts on one man would be improper. There is no trouble here over the undertaker question, he said. He asserted that neither St. Louis nor the counties would favor appointment of medical examiners by the Governor.

Dr. R. L. Thompson and R. B. H. Gradwohl, coroners' physicians, spoke in support of the recommendations, as did Dr. H. J. Scherck, Assistant Attorney-General Carruthers pointed out that

COMB SAGE TEA INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though a true blessing, is a tedious way to get the ready-to-use preparation prepared by the addition of other ingredients. It is a known fact that gray hair can be obtained at all drug stores for only 75 cents a bottle. While gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By appearance your hair with Wreth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dippen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautiful, dark, glossy, soft and luxuriant and you appear years younger.

U. S. ORDERS TIJUANA BORDER CLOSED AT NIGHT

Regulation to Be in Effect From 6 P. M. to 8 A. M. Promulgated by Treasury Department.

MOVE TO CORRECT VICE CONDITIONS

Report on Suicide of Petee Blames Family in Part for Attacks on Two Girls.

WASHINGTON, Feb. 17.—Orders closing the international border at Tijuana between the hours of 6 p. m. and 8 a. m. were issued today by the Treasury. The orders were promulgated by Assistant Secretary Andrews, in charge of customs, who acted in the belief that the closing of the border at that place at night would help to correct alleged vice conditions.

The State and Treasury departments were asked today by Representative Sweet (Rep.) of California to request Mexico to free the border of vice resorts, which "are operated for the purpose of preying upon American citizens." It was explained by Sweet that the death of the Petee family, after mistreatment of two of the daughters at Tijuana, prompted his action. Both Secretary Kellogg and Assistant Secretary Andrews of the Treasury, he said, had received the request sympathetically.

Numerous protests and appeals growing out of the Petee tragedy, Representative Sweet said, had reached his office. Several years ago, he declared, he urged establishment of a 50-mile zone along the border, to be free from liquor, vice and gambling.

Report on Petee Case Sent to Secretary Kellogg.

SAN YSIDRO, Cal., Feb. 17.—Results of an investigation into events leading up to the suicide of the Petee family in San Diego and the resulting international investigation were sent to Secretary of State Kellogg last night by a committee of San Ysidro Chamber of Commerce.

A mass meeting here approved the report, which is similar to an announcement made by Gov. Rodriguez of Lower California and charges that the Petee family was in part to blame for the conditions which made attacks on the two Petee girls in Tijuana possible. Statements by Tijuana residents recounting drinking alleged to have been indulged in by members of the family in their four-day visit in Tijuana prior to the attack are contained in the report.

Resorts at Tijuana Paid Big Profits to Syndicate.

Special to the Post-Dispatch.

TIJUANA, Lower California, Feb. 17.—Tijuana today is almost a deserted village. Few American tourists are seen on the narrow pavement of the main street, where every structure is a saloon, a gambling resort, or a brothel. The Mexican population stand in little clusters and discuss, in depressed whispers, the exposures that predicate doom for the resort.

Tijuana, the brazen, has become Tijuana, the coward. Unfortunate women and girls who formerly flaunted invitation and welcome to the visitor in saloon and dance hall, are absent, hidden in the Mexican quarter or trekking over the border, following an expulsion order. Some saloons remain open after 57 were closed by Mayor Palacio, but business is dull. Girls are not allowed now to frequent those still permitted to run. Gambling rooms are deserted. Even in the fashionable Foreign Club most of the gaming tables are idle. Visitors have been frightened away by the warning of the Petee tragedy and other grim facts coming to the surface, and guards at the border are discouraging strangers from crossing the line.

Two steamship officials came to Tijuana in search of four missing seamen. These men have been found in jail, virtually held for ransom. One of the prattles of the Chief of Police, now in jail himself, was to arrest visitors on flimsy pretenses and extort money from them or their friends as fines. The four seamen were arrested for remonstrating against an overcharge for drinks.

Many other persons held in jail by order of the deposed chief have now been released, including a petty officer of the United States Navy, who had been a prisoner several months.

A cursory investigation discloses almost iniquitous vice. There is traffic in women, which is one of the most shocking features. Every gambling table is crooked. Liquor sold over the bars is vile, impure and adulterated. The hotels are

mostly filthy. Horse racing is a big attraction. Ten profits to the syndicate controlling this imitation Monte Carlo have been immense. Only the crumbs went to the Mexican population. The real owners of this center are half a dozen men, some Mexican, some American, all of whom are millionaires.

With no liquor, Americans flitting from bar to bar, with painted women absent, with no gambling, Tijuana today is still. Formerly beneath the tinsel and false gaiety, it was cheap and shabby. Today it is stupid, drab.

PALM BEACH BARS 4 BATHERS Adam and Eve Dance Also Presented by Crusade.

By the Associated Press. PALM BEACH, Fla., Feb. 17.—Four feminine bathers were requested to leave Casino Beach, where they appeared without stockings, yesterday. The town council has requested an attorney to draw up an ordinance to require bathers to wear wraps while on public streets. It also took cognizance of the bathing costumes, one member declaring the bathing code too lax and recommending greater efforts to keep the body covered.

The crusade also prevented the presentation of Mile. Edmonde Guy, French dancer, of her "Adam and Eve" dance in the same costumes used in Europe. Mile. Guy protested that she had presented

the dance in Vienna, Paris, Copenhagen and Berlin. Ponzl's Boston Aid Fined \$800. BOSTON, Feb. 17.—Calcedonio Alviti, Boston agent for Charles Ponzl, now operating in Florida lands, was fined \$800 in Superior Court today on his appeal from a

municipal court sentence of six months in jail for violation of the state "blue sky" law. Alviti was convicted in the lower court on a charge of selling certificates of indebtedness in connection with Ponzl's land development in Florida.

DR. W. B. CALDWELL AT THE AGE OF 93

"Purges" and "Physics" Bad for Old Folks

While Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, knew that constipation was the curse of advancing age, he did not believe that a "purge" or "physic" every little while was necessary. To him, it seemed cruel that so many constipated old people had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to "regulate" the bowels of old folks. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but each dose helps to strengthen the bowel muscles, shortly establishing

natural "regularity." It never gripes, sickens, or upsets the system. Besides it is absolutely harmless and pleasant to take. If past fifty, buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

Newly Compiled and ENLARGED DICTIONARY

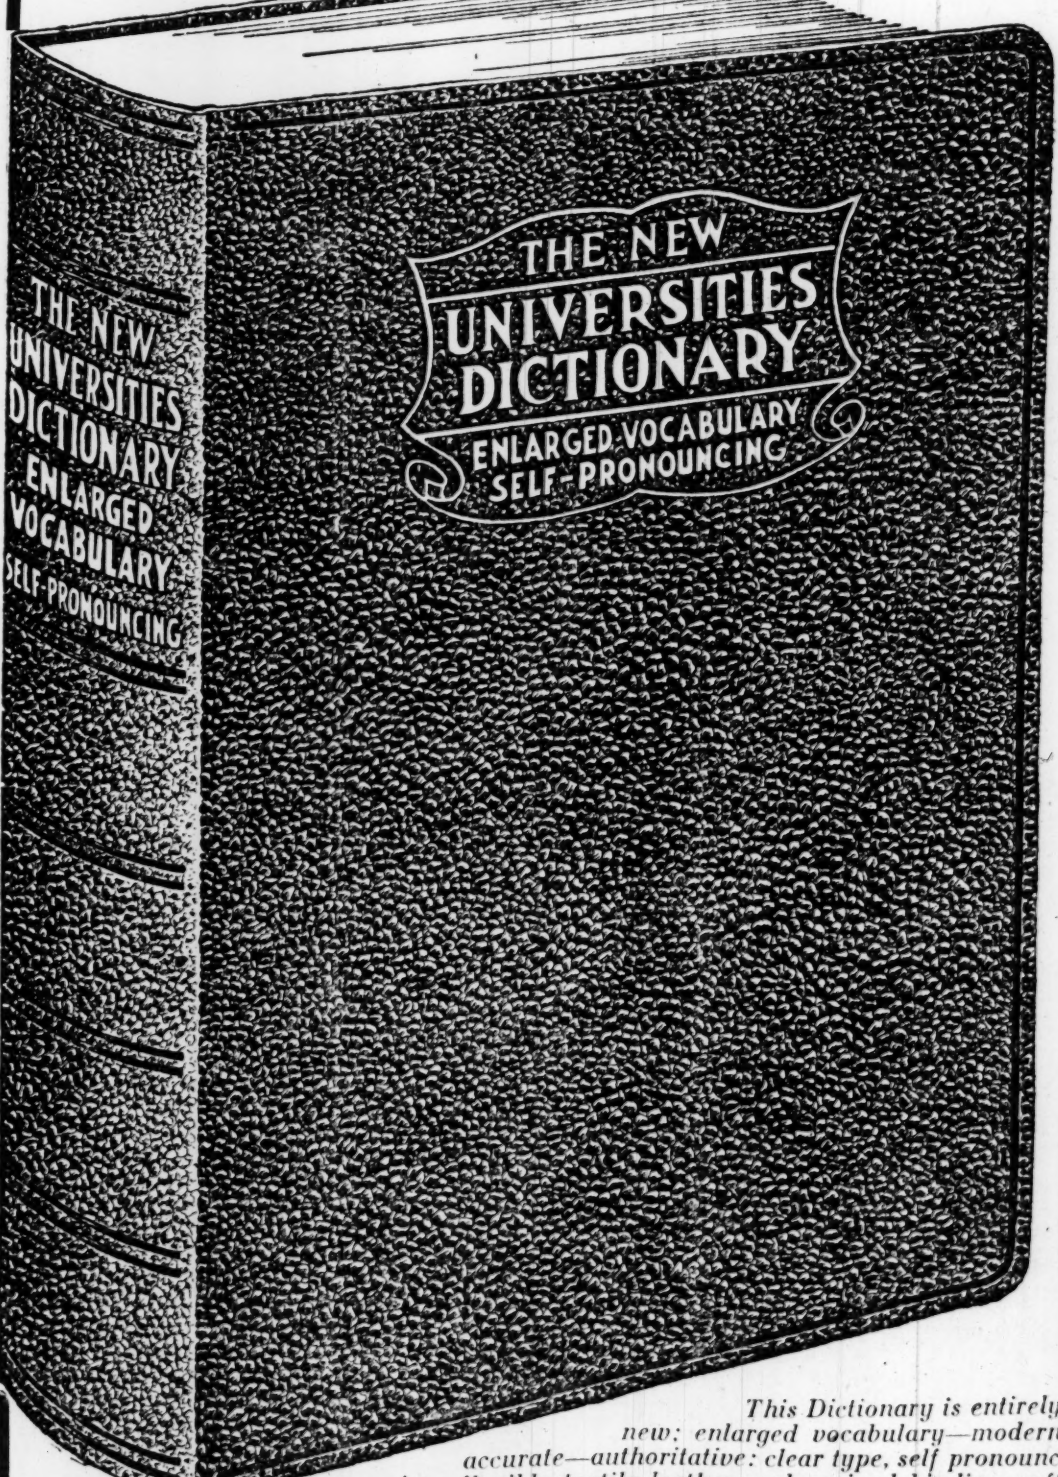

Due to the vast number of new words that were brought into our language through the rapid developments of the last few years, the publishers have found it necessary to discard previous issues and to compile an entirely new

dictionary. Necessary additions have greatly increased its value and attractiveness, and this complete enlarged edition is now offered to readers of

Size of Page Enlarged Thousands of Words Added

Exact Size of the New Enlarged Volume

THE POST-DISPATCH

This Dictionary is entirely new; enlarged vocabulary—modern, accurate—authoritative; clear type, self-pronouncing; flexible textile leather seat grained binding, soft and pliable, making it easier to handle; stamped in gold, red edges; durable and complete in every detail of modern book making. World Syndicate Co., Inc., New York, manufacturer.

The Bigger and Better Dictionary—Latest methods of printing and binding enable newspaper readers to get this latest dictionary with its enlarged vocabulary at a quantity price which is much less than it costs others to produce inferior books. You can prove this by comparing the number of defined words and the additional exclusive features.

YOUR OLD DICTIONARY IS OUT OF DATE.

THE IDEAL DICTIONARY TO USE IN SOLVING CROSS WORD PUZZLES

IT is natural that readers should expect only the best of everything to be advertised through their favorite newspaper, so no effort or expense has been spared to make this volume fully satisfy even the highest expectations.

Benefit by Experience

The publishers have issued dictionaries before this one. At the time they were published nothing better could have been offered. But improvement is the order of the age. Experience brought ways and means of far excelling previous efforts; later inventions and discoveries in printing developed further methods of betterment; and the result is a volume that surpasses all past accomplishments. With its greatly enlarged vocabulary and its additional ready reference material, it is by far the most useful of all similar volumes ever designed for home, school, or office.

You Should Know the New Words

Due to the recent developments in aviation and radio, as well as in other arts and sciences, numerous new words have come into our language, and these are all properly classified and defined in this latest enlarged volume.

It Will Be Your Daily Help

Let this new dictionary be your daily help in writing or talking. It spells for you, pronounces for you, and defines words for you, enabling you to clearly express your thoughts to your advantage.

How to Talk

By FARQUHAR JOHNSON Consulting Editor New Universities Dictionary

Article No. 1

The publishers have asked me to supply a series of easy-to-read talks on our modern language. "Talks on Talking" might be the proper term, for I shall endeavor to set forth some of the needs for improvement in our daily conversation.

There is a right and a wrong way to do almost everything. And strange as it may seem, the right way usually is as easy as the wrong way.

The correct use of words is not difficult. The trouble lies in starting wrong. Our elders should have taught us to speak correctly from childhood—they should have recognized the advantages of correct expression of thought.

But here we are, practicing the same errors with children. We teach them good morals, but poor use of words is disregarded. They are taught not to use bad words, but seldom are they cautioned against using bad grammar.

Of course I refer to home training—to starting the child right when first it begins to learn to form words into sentences. How easy it would be to learn to speak correctly at that age! And again, the wrong way is no easier than the right way. Then, why should not the child be taught correctly at the start? Carelessness on the part of the parents is the answer—plain carelessness, for which there is no excuse.

Before the day of the dictionary—when educational advantages were few—before the advent of the university—little blame could be attached to those that did not speak correctly. But today is entirely different. Here are daily newspapers, which in themselves are examples of the advancement in modern English. Here are great publishing organizations sparing no expense in upbuilding the greatest language known to man. And here is an example of such effort in the New Enlarged Universities Dictionary—now offered to the public in a manner that leaves no excuse for loose talk.

It will be my pleasure to discuss our great language in this series of articles appearing in this newspaper from time to time.

LEW PERFETTI DISPLAYS RARE SKILL IN OUTPOINTING M. KE SANSONE

2000 Fans Witness Stirring Bout at Armory Arena

RESULTS OF BOUTS AT THE ARMORY

LEW PERFETTI, New York, outpointed **Mike Sansone**, St. Louis, 10 rounds, 116 pounds.
FRANK BURMAN, Cleveland, outpointed **Red McKeel**, St. Louis, eight rounds, 160 pounds.
BILL JOHNSON, St. Louis, outpointed **Bobby Hill**, St. Louis, six rounds, 127 pounds.
EDDIE GOLDBERG, St. Louis, outpointed **Buddy Schereth**, St. Louis, six rounds, 127 pounds.

By Dent McKimling.

Just when it is becoming convinced that there are no more good boxers among our professional fighters, Lew Perfetti appears. After watching the New York boxer in 30 minutes of fast work against the rugged Mike Sansone, in the main event of a show at the Armory last night, one was forced to revise his estimate of young America's boxing talent.

Not all of Perfetti's skill is fancy dancing, slipping, dodging and jabbing. Sansone's crimson-armed face bore mute evidence of the force of Perfetti's punching. The shifty fighter appeared to enjoy his boxing immensely, and when he had weighed and measured his opponent, and had satisfied himself that Mike had limitations, he opened up and displayed his tricks, all to the discomfort of Sansone.

Without raising a glove, Perfetti forced Sansone to miss four punches in the first few seconds of the bout, and in that short space of time he appeared to have analyzed Mike's style.

Perfetti wins every round. Every round of the ten went to the New Yorker by a good margin. Mike fouled his opponent three or four times, but Perfetti was in excellent physical condition and took his wallop without wincing.

The bout was exceptionally free from foul fighting and Referee Harry Sharpe rarely called out to lay a hand on either boxer or to speak a word of warning.

They weighed 116 pounds. The entire card of four bouts was of a higher caliber than usual. The opener was fast and full of good punching with Eddie Goldberg's greater ring generalship giving him a shade over the eager Buddy Schereth.

Bill Johnson, likewise, piled up enough points by virtue of greater skill to beat Bobby Hill in six rounds. Hill had the greater steam in his punches and was going strong at the finish. Johnson was masterful at arm's length, but Hill socked heavily when they went into close quarters.

McKeel Proves Game Loser. But McKeel, in the semifinal, entered the ring in such condition that one wondered whether he could weather the first hard punch he looked almost ill. But Frank Burman, rough, tough, two-fisted puncher, could not beat off his pasty-looking foe, although he hit him from every conceivable angle. It was a good bout, with Burman's furious rally in the seventh round giving him the point advantage.

About 2000 persons comfortably filled the First Regiment Armory.

HOFF WILL COMPLETE IN 600-YARD RACE IN GAMES, TONIGHT

By the Associated Press.
 NEW YORK, Feb. 17.—Breaking a recently made resolution to please competitors, Charley Hoff tonight will resume the dual role of vaulter and runner for the last time.

After a fifth attempt to improve the outdoor pole vault record, which now stands at 12 feet 3 inches, he will compete in a 600-meter run at the annual games of the Norwegian Turn Society.

Vincent Lally, national 600-yard champion, and Johnny Holden, New York A. C. star, will oppose the Norwegian.

LAST NIGHT'S FIGHTS

MINNEAPOLIS—Pete Sarmiento won newspaper decision from **Ernie Fillegi**, Minneapolis, eight rounds. Jimmy Campbell, St. Paul, beat Ted Blatt, Minneapolis, six rounds.

WEST PALM BEACH—Happy Aberton, Indianapolis, defeated Johnny Erickson, New York, 10 rounds.

JACKSON, Mich.—Jack Penney, Toledo middleweight, won a decision over Joe Sullivan, Philadelphia, 10 rounds.

NEW YORK—Reddy Goldstein, East Side lightweight sensation, stopped Billy Pollock of Scranton, Pa., in the second round. Paul Galante, former heavyweight champion, defeated Mickey Chapin, six rounds. Val O'Connell fought a franchise for six rounds. Henry Brunetti, Brooklyn lightweight, knocked out Poppy Rivera in the third round. Mickey Patella stopped Joe Dwyer in the round.

Richards Defeats Swiss Champion

American Star Eliminates Maurice Ferrier From Indoor Tourney, 6-2, 6-1.

By the Associated Press.
 NEW YORK, Feb. 17.—Vincent Richards of Yonkers, N. Y., No. 1 in the national ranking, eliminated Maurice Ferrier, Swiss champion, in a third-round match in the national indoor tennis tournament at the seventh Regiment armory today, 6-2, 6-1.

At the same time the French representatives entered the quarter final bracket when Rene Lacoste, Wimbledon champion, defeated William Aydelotte of New York, 6-3, 6-6, and Jacques Brugnon, third member of the French Davis Cup team, eliminated Ernest Kuhn of New York, 7-5, 6-1.

Francis T. Hunter of New Rochelle also entered this round when he won from H. C. Brunle of New York, 6-2, 6-1.

Jean Borotra, French tennis star, worked his way into the quarter-finals by defeating Dr. William Rothenbaum of New York, 6-4, 6-3. The French Davis Cup, 4-3, 6-3, 1925 champion, was pushed hard in the first set, due to Rothenbaum's steadiness, but he settled down and won the second set without calling upon his reserve, although most of the games went to deuce before a decision was gained.

Borotra will face William T. Tilden of Philadelphia tomorrow in the quarter final round. The team mate, Jacques Brugnon, will meet Francis T. Hunter, while the Danish star, Erik Worm, played John Vanry, Princeton athlete.

Vincent Richards must hurdle Rene Lacoste to enter the semi-final bracket, but this match is not carded until Friday. Both won their third-round matches today.

ECKERSALL REJECTS PRESIDENCY OF NEW PRO FOOTBALL LEAGUE

By the Associated Press.
 CHICAGO, Feb. 17.—Walter Eckersall of Chicago, former all-American quarterback and one of the nation's outstanding critics, today declined the presidency of the proposed American Professional Football League, at a salary of \$10,000 a year.

Eckersall explained that he desired to continue his relations with amateur athletics begun 24 years ago.

The meeting to organize the league, proposed by C. C. Pyle, manager of Red Grange, got under way with representatives of nine cities in attendance. Pyle said that the league probably would be made up of nine franchises for the 1926 season, with George Wilson, University of Washington, all-American star, operating the tenth team as a traveling club, playing each of the nine teams in the league.

The league probably will be composed of Philadelphia, St. Louis, Boston, Milwaukee, Brooklyn, New York, Newark and Cleveland.

Dr. J. G. Strigzel represented Philadelphia, while Bud Yates was in attendance for St. Louis. Dave Driscoll sought a franchise for Brooklyn and W. J. Coughlin appeared in the interests of Newark.

Pyle said four applications had been received for the Chicago franchise.

Bear Quintet Is Ready for Important Games This Week

White's Basketballers Play Kansas Aggies at Manhattan Friday, While Nebraska Is Opposed at Lincoln the Following Night.

When Don White's Washington U. basketball squad departs for Manhattan, Kan., tomorrow morning, the Bear tossers will be scheduled to oppose two combinations calling for an entirely different mode of attack. The job for the locals in the encounter with the Kansas Aggies Friday will be to stop the powerful Wildcat offense. Against Nebraska, at Lincoln the following night, White will be faced with the problem of solving a strong defensive.

White declared his quintet came through the Oklahoma contests remarkably well conditioned. Hilltopper opinion at present indicates that considering the material available at the beginning of the season, only Smaha, forward, and Eckstrom, center, were the veterans on hand.

In view of the handicap, the Cougars have turned out a team considered as the outstanding defensive power of the Valley.

Hoff and Osborn Agree on Events

Seven Features to Decide All Around Test on March 16.

By the Associated Press.
 NEW YORK, Feb. 17.—A program of seven events has been agreed upon by Harold Osborn of the Illinois A. C. and Charley Hoff, of Norway, for the test of all around athletic ability in connection with the Knights of Columbus track meet at Madison Square Garden March 16.

This was announced yesterday after the Amateur Athletic Union received formal acceptance from Osborn of Hoff's challenge. Osborn, wired from New York, Fla., where he is teaching, said he had obtained a leave of absence to cover the date of his duel with Hoff.

The events and the order in which they will be held are as follows: Sixty-yard dash, running high jump, 16-pound shot put, running broad jump, 60-yard hurdles, pole vault and 440-yard run.

The Olympic decathlon scoring method, providing a scale of points for performances in each event, will govern the test. Osborn is the present Olympic champion, but has never encountered Hoff in competition, as the Norwegian was kept out of the all-around test at Paris in 1924 because of an injury.

Hoff plans about two weeks of training to fit himself for the duel with Osborn. Except for his appearance in the national championship at Chicago, March 5 and 6, he will cancel other competition in March prior to the K. of C. meet.

Rosenberg Ban Will Not Affect His Match Here

Champion's Contract Antedates Suspension, Promoter Points Out.

The suspension of world's bantamweight ring champion Charles Rosenberg by the New York Commission yesterday will not affect his appearance here on March 2 against George Butch, in the feature event of the Coliseum Athletic Club's card. This announcement was made today by Matchmaker Gene Straus, who, speaking of the situation said:

"Rosenberg's contracts to appear in St. Louis were signed some time before his suspension and therefore the champion is free to keep his engagement. The contracts were signed in the presence of members of the St. Louis Boxing Commission.

"Rosenberg's troubles with the New York Commission date back to his manager, who has stood suspended by the commission for some time. Rosenberg has been acting for himself since that time and now appears to be in bad in New York because he wants to fight Buddy Taylor, at Madison Square Garden, instead of Dusky Graham, who has been selected by the commission. Rosenberg figures that Taylor, who is popular in New York, will draw twice as much as Graham.

"Rosenberg has done nothing seriously wrong and, being without a manager, and acting for himself, thought he ought to have something to say about his appointment when a considerable amount of money was involved."

Harness Rules Changed.
By the Associated Press.
CHICAGO, Feb. 17.—The old distance harness race was abolished yesterday by members of the American Trotting Association, meeting here. Another ruling did away with the "win race," so that horses can now establish records for class eligibility by one heat instead of by two or three as formerly.

Great Sprinter Not to Compete Before March 6

Injury Necessitates a Let-Up in Training of at Least Two Weeks.

WAY RUN IN TITLE MEET

Region Affected Is Above and Behind the Right Knee.

Lois Murchison, indoor sprinting and holder of two British championships and several world records, formerly of McKinley High school, St. Louis, suffered another setback in his training preparation here yesterday.

He was out with the Washington university squad of runners at Hayward Field House, Murchison was forced to pull up after a few minutes to go to the floor and be assisted to a chair. In an operation revealed that he had suffered a recurrence of a tendon strain which he suffered recently in an Eastern meet, during the winning of a race. In the Milwaukee games Murchison won both the 40 and 60 yard dashes, but staggered over the line in the second event. He has not competed since.

Today Murchison said that he would cancel all engagements for the next two weeks and would try to regain his strength in time for the National indoor championships at Chicago, March 6.

Murchison's injury is above the right knee and behind it.

After he was forced to the floor the leg began to swell and careful handling was required in two weeks. It was the second injury Murchison has experienced in his long career on the boards. The first injury was suffered in 1918 at the National A. A. U. games held at the Great Lakes when Murchison was a "gob." The injury on that occasion was to Murchison's left leg.

The St. Louis sprinter, this season, was in exceptional form, after a decade of competition. He had won every race in which he had entered and had set one new world's record and tied an old one. He was expected to clean the slate of all sprint events at the National championships.

COBB DISCUSSES GREAT PITCHERS

Chapter XXIX in Ty's Life Story As Told by Himself

(Copyright, 1926.)

IN considering the suggestions that I give my views on the great pitchers produced in baseball the first name that comes to my mind, somehow, is Ed Walsh of the Chicago White Sox. Possibly the game has developed greater pitchers than Walsh, but naturally, I must confine myself to those whom I have faced. My whole baseball career has been limited to the American League except in the world's series and exhibition games that I have played in. And even though my thoughts turn first to Ed Walsh the chances are other batters, just as observing as myself, would select some other pitcher like Walter Johnson, Eddie Plank, Rube Waddell, Bill Donovan, Cy Young, or Jack Chesbro. I would add to those the names of Addie Joss and Doc White.

If we consider the factor of endurance and consecutive years of pitching efficiency, Walter Johnson's name stands out above them all. I am considering, however, the effectiveness of a pitcher during his best years.

Take, for example, the first five years of Walsh's career and the first five of Johnson's, and the edge will be with Big Ed, I believe. Johnson lasted a long time but Walsh was through and for that reason had more lasting value to the game but the mere fact of Walsh having pitched himself out shows the tremendous effort he put into every game he pitched.

In all baseball I don't believe there was ever a pitcher who could go in to save a game in a pinch and do the job so completely as Big Ed Walsh. Why, I have seen him come into the box with the bases full and none out and promptly strike out the next three batters in a row. I never saw a pitcher who could so effectively smother a rally when called from the bullpen.

With "Hitless Wonders."

In considering pitchers, baseball fans, as a rule, neglect to consider the strength of the team behind the pitcher. Walter Johnson never had a championship team behind him until the last two years but he always had a better fielding and hitting team than most.

Dogs Again Fail To Find Birds in National Trial

Umpire's Decision Only One of Four to Find More Than a Single.

Special to the Post-Dispatch.

GRAND JUNCTION, Tenn., Feb. 17.—The second day's running of the national bird dog championship for a leg on the Col. Merriman memorial cup, the title of bird dog champion and a purse of \$1500 did not bring out any new developments. At least it may safely be said that the four dogs which ran their three hour heats yesterday will scarcely have the opportunity to have their names inscribed upon the cup as champion for the year.

The first brace consisted of the setters, Umpire's Decision, owned by R. F. Nallin, American League umpire, handled by C. H. Babcock of Morganville, Ala., and Hawks Spectre, owned by C. E. Pierson of Terre Haute, Ind., handled by J. M. Avert of Hickory Valley, Tenn. Spectre was unruly from the beginning. Umpire's Decision rambled through his three hours and found three bevers and a single, but his work was scarcely snappy enough.

The afternoon brace was even more disappointing for Inquisitive Lady, a setter owned by J. W. Campbell of Tulsa, Ok., handled by Ed Farrier of Union Springs, Ala., went through her heat without a single find, while Halworthy, another setter, owned by Dr. T. F. Berberovich of Saginaw, Mich., and handled by Webster Price of Tulsa, Miss., only found one bird.

This morning, Seaview Rex, a pointer owned by Mrs. O. D. Stickney of Atlantic City, handled by Bob Bevan of Thomasville, N. C., will run against the pointer, Rumbling Hal, owned by O. C. Lillard of Kauffman, Tex., handled by Price.

I know that Christy Mathewson was a great pitcher but I never was against him in a championship game and, naturally am in no position to discuss his work intelligently.

Eddie Plank was one of the great pitchers of baseball, ranking right along with Walsh and Johnson. He had everything that a pitcher should have and was extremely clever in the way he used it. In addition to his natural stuff, Plank had several different ways of delivering the ball. His crossfire was one of the most deceptive deliveries that I ever have seen. Often I have wondered why other pitchers did not work to develop a crossfire like that used by Plank. Believe me, it was deadly.

Plank Was Crafty.

Besides that, Plank had brains. Very few pitchers were ever so successful in constantly keeping the batter in the hole. I notice by the records that during my years against Plank I managed to hit 340 and I still wonder how I managed to do that well. There is a saying in baseball that a left-hander is no good when he loses his fast ball. That was not true in Plank's case. He was smart enough to keep right on.

Doc White gave me trouble for a long time. He had a drop ball that fooled me continually. It broke very sharply and was apt to fool anybody who stood well up in the box. I made a long study of White and finally solved the problem of hitting him by standing far back in the batter's box, so as to get hold of the ball after it broke. Instead of trying to hit it in front of the plate, I discovered that his drop ball would travel two feet over the plate after it dropped. I was thus able to reach it.

Addie Joss, who is dead now, gave me a lot of trouble. He was a smart pitcher with a lot of stuff. According to the official records I did not hit as well against Joss as I did against Plank and Walsh. The figures show that my average against Joss was .252.

Another very puzzling pitcher to me and to our whole Detroit club was Carl Wellman of St. Louis. He also has passed away. Apparently Wellman did not have so much stuff as the other pitchers I have mentioned, but, somehow, he kept us from getting hold of the ball.

Three Aces in a Hand.

No one could discuss great pitchers—aces—without mentioning Bill Donovan. In that famous 17-inning game against the Philadelphia Athletics in 1907 he gave one of the greatest exhibitions of pitching skill and gameness that I ever saw. It so happened that I was on the team with Donovan during his years of real greatness and I never knew what it was to bat against him. My admiration for him is necessarily limited to those games I saw him pitch against others.

One of the old members of the New York Giants told me years ago that playing behind Matty gave the same sense of security as sitting behind three aces in a poker game. That very aptly expresses our feelings when Bill Donovan went into the box in an important game. His presence inspired confidence, very presence inspired confidence.

In addition to his pitching greatness, Donovan was one of the most lovable characters in the world. The veterans swore by him and the young recruits, so many of whom he helped along in their early days, would fight for him. What a man he was!

White Sox Sign Scott And Release Hooper And Pitcher Kerr

By the Associated Press.

CHICAGO, Feb. 17.—Major changes have been made in the roster of the Chicago White Sox, with the signing of Everett Scott, veteran league shortstop, and the releasing of Outfielder Harry Hooper and Pitcher Dick Kerr.

Scott, who holds the world's record for consecutive games played, was unconditionally released several weeks ago by Washington. He is the fourth shortstop on the Sox roster. Hooper, a veteran of 17 years in the American League, was unconditionally released. Kerr, who distinguished himself in the 13-started championship series with Cincinnati in 1919, was sold to San Francisco.

PRINCETON PUTS BAN ON PRO PLAYERS AS COACHES OF ELEVEN

By the Associated Press.
PRINCETON, N. J., Feb. 17.—The Princeton faculty committee on athletics has adopted a policy prohibiting the appointment as football coach at the university any man who has been associated with professional football. Head Coach Roper expressed himself as in favor of the move.

St. Louis U. Adds Oklahoma to Grid Schedule

Billkens Complete a Program of Nine Games.

The St. Louis University Athletic Board is preparing no bed of roses for its new football coach, who ever he may be. It was announced last night that Oklahoma University, one of the strongest teams in the Missouri Valley conference, had been signed for a game with the Billkens on Nov. 20, just five days ahead of the Thanksgiving day game with South Dakota.

No definite selection has been made in the matter of a new coach but it is known that there now remain under consideration only three men, each of whom is an outstanding coach with years of experience behind him.

With Oklahoma on the program, the Billkens football schedule is complete, containing nine games, as follows:

Oct. 2—Springfield Teachers here.
Oct. 9—Drury here.
Oct. 16—Marquette here.
Oct. 23—Boston College here.
Oct. 30—Iowa here.
Nov. 6—Detroit at Detroit.
Nov. 13—Loyola here.
Nov. 20—Oklahoma at Norman.
Nov. 25 (Thanksgiving)—South Dakota here.

Big Indoor Meet Here Is Planned

Meeting Tomorrow of Persons Interested in Track Project.

An annual indoor track meet, probably leading to Western A. A. U. championships, is planned by Joseph Forshaw, president of the W. A. A. U. He has called a meeting of all persons interested in initiating such an annual meet, the gathering to be held at the New Coliseum A. C. offices, 2608 Washington avenue, at 4 o'clock tomorrow afternoon. It is the purpose of the committee sponsoring the idea to start immediately with a meet at the Coliseum this spring.

Following are the men directly interested in tomorrow's meeting: Forshaw, Robert L. Probst, secretary of the W. A. A. U.; John H. Grosse, president of the Municipal A. A.; Dan W. Jones, Walter R. Mayne and M. J. Pickering of the New Coliseum Athletic Club.

EWING—a new name, a new fine woolen. Grays of Springtime richness. And in weave, a wonderful combination of softness and stamina. Ewings are worsteds—staunch, fine worsteds—yet they're soft as a flannel.

A cigarette made with P. A. burns better

P. A. makes one of the finest cigarettes a fellow ever smoked. It rolls easier because Prince Albert is crimp-cut and stays put. Doesn't blow all over the place. For the same reason, a P. A. cigarette burns better . . . doesn't die the instant you lay it down.

Try rolling 'em with P. A. Me-o-my, what a smoke! Cool as a cucumber. Fragrant as locust blossoms. Sweet as a melon. Never a tongue-bite or a throat-parch, because the Prince Albert process took a firm stand on that matter right at the start of P. A.'s career.

The more you know about rolling cigarettes, the more you appreciate this better cigarette tobacco. Yes, Sir—Prince Albert for home-rolled cigarettes every time. Get yourself a tidy red tin or a tippy red bag of P. A. before you do another thing!

Incidentally, if you want to get genuine pleasure out of a jimmy-pipe, pack it with P. A. Many a man has learned that he can smoke a pipe (and enjoy it) with good old P. A. for packing. There's a P. A. sunshine shop just around the corner! Get going, Man!

P. A. is sold everywhere in tidy red tins and tippy red bags. And always with every bit of bite and punch reserved by the Prince Albert process.

LACLEDE COMMON EARNED 7 PER CENT FOR TEN YEARS

City Counselor Muench
Brings Admission From
Gas Company's Attorney
at Valuation Hearing.

CONTROL SOLD ON
\$40,000,000 BASIS

Corporation Now Claims
\$63,000,000 Value for
Purpose of Fixing Rates
to Consumers.

By a Staff Correspondent of the Post-Dispatch.
JEFFERSON CITY, Feb. 17.—City Counselor Muench yesterday brought out before the Public Service Commission that the present majority stock owners of the Laclede Gas Light Co. bought their control two years ago at a price which indicated the total value of the property to be \$40,000,000, whereas the company now is claiming a reproduction cost of \$70,000,000 and a cost of \$63,000,000. Charles A. Monroe and his associates bought Laclede stock at \$84, and the stock now is selling at 157, it was testified by James E. Allison, valuation engineer of the company, but he declined to concede to Counselor Muench's theory that market price was a true measure of valuation. Previously Allison, in defending his reproduction cost, had used the phrase "a willing buyer and a willing seller," but he would not consent to Counselor Muench's theory that the stock sale of the company fulfilled this condition.

Underwriting Charges.
The high mark of the present hearing, which has been continuing for eight days, was reached in Counselor Muench's question of Allison: "Is it not true that instead, as you testified, of your discrediting many elements of value in arriving at your \$71,000,000 figure, that you included everything that you could think of?" he had not. The City Counselor then demanded to know what elements of value he had discarded. Allison replied that he believed that the company could reasonably include in its value 10 per cent for the cost of underwriting that would be necessary if the plant were to be reproduced, an additional 2 per cent for interest during construction, a profit that general contractors would demand if they were to reproduce the property, and an allowance for cutting pavement on all streets under which the company now has mains.

Seven Per Cent Dividends.
The sum of these overhead costs entering in going value, which the company has inserted in its valuation is \$10,500,000, or 17 per cent of its property value. Some inkling of the sum which the city will contrast with the company's \$70,000,000 claim was had during the hearing when Counselor Muench said that although the city would argue to the commission that the price paid for the control of the company indicated a value of no more than \$40,000,000, that the city was not ready to admit even that much value. He brought out that common stockholders of the company have averaged 7 per cent return for the last ten years.

Allison declared that the low purchase price of the company resulted from an unfair tentative valuation by the commission—\$30,000,000—upon which rates have been fixed for several years. He declared that the tendency of this low valuation was to frighten out stockholders, who sold to the syndicate headed by Monroe.

NEW HANCE MURDERS ARREST

Indiana Laborer Accused by Con-
vict Denies He Was Implicated.
By the Associated Press.
MUNCIE, Ind., Feb. 17.—Harry Knapp, 23 years old, a laborer, was arrested here last night on suspicion of having been implicated in the murder of Mr. and Mrs. Ben Hance, near here last August. George "Dutch" Anderson, internationally known criminal and companion of Gerald Chapman and Charles "One-Arm" Wolfe of this city, were accused of the crime by Hance in a dying statement. Wolfe is serving a life sentence for the murder. Anderson was shot to death a short time ago in Muskegon, Mich.

Woman Accused of Murder Plot

By the Associated Press.
ARDMORE, Ok., Feb. 17.—Charges of implication in a conspiracy to kill her husband, Dr. J. V. Jenkins of Gainesville, Tex., have been filed against Mrs. Jenkins and Bud Carpenter, an employee at the Jenkins ranch, near Marietta. The action followed a habeas corpus hearing at Marietta, in which bond was sought for Carpenter, who previously had been charged with murder. At the hearing testimony was given that Mrs. Jenkins offered Carpenter \$15,000 to kill her husband. Jenkins, a dentist, was killed in December at the ranch.

PLEA OF GUILTY
BARES IDENTITY
OF EGAN AVIATOR

Lee Turner, Sentenced for Pocahontas, Ill., Mail Holdup, Piloted Plane That Gave Cues.

Special to the Post-Dispatch. SPRINGFIELD, Ill., Feb. 17.—By his plea of guilty in Federal Court here yesterday of participation in the \$4000 Pocahontas, Ill., mail robbery, Lee Turner, Egan gangster of St. Louis, admitted he was the man who piloted an airplane to Pocahontas to transport the loot.

That was his intention on the day of the robbery, June 15, 1923, but the airplane developed engine trouble and a forced landing was made in a field near Pocahontas. The abandoned craft furnished the first clue to the identity of the robbers.

There were six men in the party that kidnaped an aged mail messenger and took a pouch containing \$4000. They escaped in an automobile. Six Eganites were indicted for the robbery. They were "Dinty" Colbeck and Oliver Dougherty, who are serving terms in Leavenworth for St. Louis and Leavenworth, Ill., mail robberies, and who probably will not be tried in the Pocahontas case; Edward Leonard and Bartley Martin, who pleaded guilty last March and are serving six-year terms, and William Engler and Turner. The latter pleaded not guilty when arraigned some weeks ago, but both he and Engler pleaded guilty yesterday and were sentenced to six years each in Leavenworth prison.

When Turner and Engler are received at the prison there will be 13 Eganites there. In the penitentiary at Atlanta is Ray Renard, an erstwhile Egan gangster, who testified before the grand jury which indicted the St. Louisans in the Pocahontas case, and whose testimony helped to convict Colbeck and others in the St. Louis and Pocahontas cases.

NEW YORK EVENING WORLD
EDITOR FREED OF CONTEMPT

Stanley Pollard Commended by Justice Levy for Campaign to Reform Ball System.

Special to the Post-Dispatch. NEW YORK, Feb. 17.—Supreme Court Justice Levy yesterday found Harold Stanley Pollard, editor of the Evening World, not guilty of criminal contempt of court after a hearing in which Charles Evans Hughes, former Secretary of State, counsel for Pollard, raised the contention that honest and fair criticism of the courts is in keeping with the American tradition of liberty of the press.

Pollard was cited for contempt by Justice Levy for writing three editorials in the Evening World, in which Justice Levy's action in reducing the bail of two criminals was criticized. Charles E. Brophy appeared with Hughes for Pollard. The editor testified that he wrote the editorials solely to call attention to a practice which he believed inimical to the public interest, namely, the practice of Supreme Court Justices reducing bail fixed by the Judges of General Sessions, and not with any intention of reflecting upon the character, honor or integrity of Justice Levy.

At the conclusion of the hearing Justice Levy expressed his conviction that Pollard had acted in good faith and commended him for the campaign which the Evening World had conducted to reform the methods of admitting known criminals to bail.

The Man on the Sandbox

THE PASSING SHOW.

OUR old friend Barney Shot-ton is gone but not forgotten; in Syracuse he's due to have his filing; to Breardon's farm he's going, where seeds he will be sowing. To raise a crop of rookies in the spring.

R. Leonard is amid us; He didn't come to kid us, But just dropped in to make a little call. His followers are many, But as an actor, Benny is still the lightweight of them all.

Though Beny has retired, He still is much admired By members of the pugilistic cult; And if his crown's possessor Should prove a bum successor, Again into the ring he'll catapult.

While basketball at present, Gives entertainment pleasant, And figures largely on the sport-ing page; To future pennant winners, Both vets and new beginners, They'll shortly be compelled to yield the stage.

TOO TRUE.

The man on the sandbox says Flagler street has forty-second and Broadway looking like a blind alley in Gopher Prairie.

Pence de Leon was the guy who started the boom in Florida, but he didn't live long enough to develop it.

If Pence were alive now he would open a real estate office and make the spring of perpetual life a strong talking point.

See where Benny Leonard, nee Benjamin Leiner, is now a head Leiner. Benny's prestige as a boxer makes its influence felt in the box office.

"Way Paved for U. R. Reorganization. We trust the going won't be as rough as it is on Washington boulevard.

FAIR ENOUGH.

John D. Rockefeller Jr. has offered King Faud of Egypt \$10,000,000 for an archeological institute of research in Cairo. John D. Jr. will dig up the iron men if the scientists will dig up the treasures.

It took King Tut a long time to get started, but when he once got under way he had the whole world watching his smoke.

"Ex-Crown Prince Carol Urges Unity in Rumania." Sounds like a Christmas Carol. Peace on earth, etc.

MOTION IN SENATE TO HAVE NOTES TO MEXICO PUBLISHED

Norris Offers Resolution to Ask Secretary Kellogg if Other Government Has Objected.

SEEKS TO AIR ROW OVER NEW LAND LAW

State Department Gives Impression It Favors Publicity, but This Is Disputed Elsewhere.

By PAUL V. ANDERSON, Staff Correspondent of the Post-Dispatch.

WASHINGTON, Feb. 13.—The controversy between the State Department and the Government of Mexico over the Mexican land and petroleum acts reached the Senate today. Senator Norris (Rep.) of Nebraska introduced a resolution requesting the State Department to inform the Senate whether the Mexican Government had objected to publication of the notes which have been exchanged on the subject, and if so, on what ground it objected.

Norris' action is more significant than may appear on its face. It actually is the beginning of an effort to bring the whole dispute into the open, and to end the secrecy which has surrounded the diplomatic discussion. This effort has the hearty support of Senator Borah (Rep.) of Idaho, Chairman of the Foreign Relations Committee, and, therefore, the resolution is very likely to pass, but before it can pass there may be developments either at the State Department or at Mexico City which will serve the same purpose.

Senators Want Case Aired. Borah, Norris and a number of other Senators have been restive under the secrecy with which the Mexican correspondence was carried on, and their restiveness has increased as it became obvious that the controversy was reaching serious proportions. Hence their determination to have the whole business out into the light.

The immediate cause of the resolution, Norris said, was an article published in the Sunday Post-Dispatch of Feb. 7, which, after stating the issues and reviewing the history of the controversy, concluded with this statement: "An effort has been made at the State Department to give the impression that Secretary Kellogg wants the entire correspondence published, but has been unable to get the consent of the Mexican Government. In Mexican quarters the writer was bluntly informed that this proposal had come from the Mexican Government, and had not been accepted by the State Department. The plain and ugly truth is that somebody high in authority is misrepresenting the case. It is not surprising if a resolution is shortly introduced in the Senate to discover which side it is."

Text of Resolution. The resolution which Norris introduced today declares that: "Whereas there appears to be a serious dispute between the Governments of the United States and Mexico, in which it is claimed that certain statutes of the Mexican Government conflict with the rights of American citizens who purchased oil lands in Mexico prior to the enactment of the statutes, and whereas the American people are ignorant of the issues involved, and whereas full publicity is desirable, and whereas it has been stated in the press that the State Department is eager to make the official correspondence public, and that the Mexican Government has objected to such publicity:

"Be it resolved, that if not incompatible with the public interest, the Secretary of State be requested to inform the Senate whether the Mexican Government has objected, and is objecting to the publication of all official correspondence pertaining to the dispute, and if it has objected, what reason it has assigned."

Other Purposes of Move. It is designed further to result in making the notes public to obtain a popular judgment on the merits of the issue, and it is designed finally to destroy any possibility that our State Department may involve the country in a grave crisis without permitting anybody to know what it is doing until crisis is precipitated.

The fact is that while the Nor-
